

PCA Los Angeles Autocross Year-End Awards 2024

PCA-LA Autocross year-end Championship trophies will be determined by the Driving Events Management Team at the end of the year. To be eligible for a year-end PCA-LA Autocross Season Championship award a driver must meet the following minimum standards:

- A driver must compete in at least 6 of the PCA-LA Championship events in timed runs.
- Driver must be a member of PCA (any region) to be eligible for a year-end award.
- Points earned in other classes cannot be transferred between classes.
- Drivers win their class if they have driven at least 4 of their 6 events in that class and have the most points in that class.
- Points for two events will be dropped. If we have 12 events then 10 events will count, if we have 11 events then 9 events will count, etc.

Points are awarded for finish position of the timed competitive runs of the day. These points are accumulated in class from event to event during the season. The drivers accumulated points in a class at season-end will determine the ranking order to receive the appropriate award.

In the event there is a tie in total points for a year-end award, the tie shall be broken by determining which driver has won the most events in the year. If there is also a tie for the number of wins, the tiebreaker shall go to the driver with the most second place finishes. If there is a tie for wins and second place finishes, the tiebreaker shall go to the driver with the most third place finishes. This tie procedure shall work its way down the finishing order until the tie has been broken.
