2020 Milwaukee Mile Road Race Challenge

August 28, 29, & 30, 2020

Featuring:

Track Time – Autocross – W2W Sprint Races – W2W Endurance Race

Register at MCSCC.MotorsportReg.com

The 2020 Milwaukee Mile Road Race Challenge is another fabulous venture of the Great Lakes Sport Car Club. C'mon over to the famous Milwaukee Mile, the longest-continuously-running racetrack in the country and a staple of the MC schedule in years past!

We're starting off with a Full day open-track test-and-tune on Friday, followed by the first ever HSAX night event! Saturday consists of 11.5 hours of on track action with an HPDE, HSAX, and Sprint Race during the day, and finishing with a 2.5-hour Endurance Race starting at 5:00pm! Sunday will feature two more wheel-to-wheel sprint races, with Race 2 being another Championship points paying race!

Please come out to support and celebrate MC's return to its roots by racing, working or both. We want to keep Milwaukee events growing!!!!

RACE OFFICIALS			
Race Chair	Paul Rembas	Chief of Grid	Dave Schneider, Gary Pusch
Assistant Race Chair	GLSCC Team	Chief of T&S (W2W)	Bill Martin, John Lewis
Registrar	Tom Miller and GLSCC Team	Chief of T&S (HSAX)	Brandon Bockrath
Chief Steward	Gary Schneider	Chief of F&C	Lauren Wessel
Race Control	Patt Martin	Chief of Tech (W2W)	Ray Goff
Chief Starters	Larry Stanley (W2W) Chris Falconer (HSAX)	Chief of Tech (HSAX)	Dave Bralich
		Chief of Impound	Ray Goff and GLSCC Team

Milwaukee Mile Road Racing Challenge General Track Info

August 28-30, 2020

Entry:
Enter Gate (5) 84th street Gate and use the back-stretch crossover gate or tunnel entrance per the schedule listed on page 3 of this packet! There are no spectators allowed for this weekend, and all competitors will need to show a wrist band at the gate, or sign the waiver on site. Registration will be in the Media Center inside the track. Please following social distancing guidelines and honor the directions for single entry and exit points of the building.

Park Roads:
All roads in State Fair Park are State roads with full traffic regulations and very strict speed limits enforced by the State Patrol. If you have a pit vehicle or scooter, it may NOT be operated outside the oval unless it is licensed and insured for public roads. Similarly, no competition vehicle may be driven outside the oval unless it is fully street-legal, licensed and insured for street use. We are advised not to expect any leniency on this.

Camping:
Tent camping is permitted in the south grass infield area near NASCAR Turn 1 and our false grid. However campers will not be allowed in the area when the track is hot. (You'd find it a bit too noisy to sleep in anyway.) RVs may park in the paved infield but space is limited: please be considerate of your fellow racers. Electrical power is available but not waste hookups. Additional RV parking is available for a fee in the North RV park outside the oval.

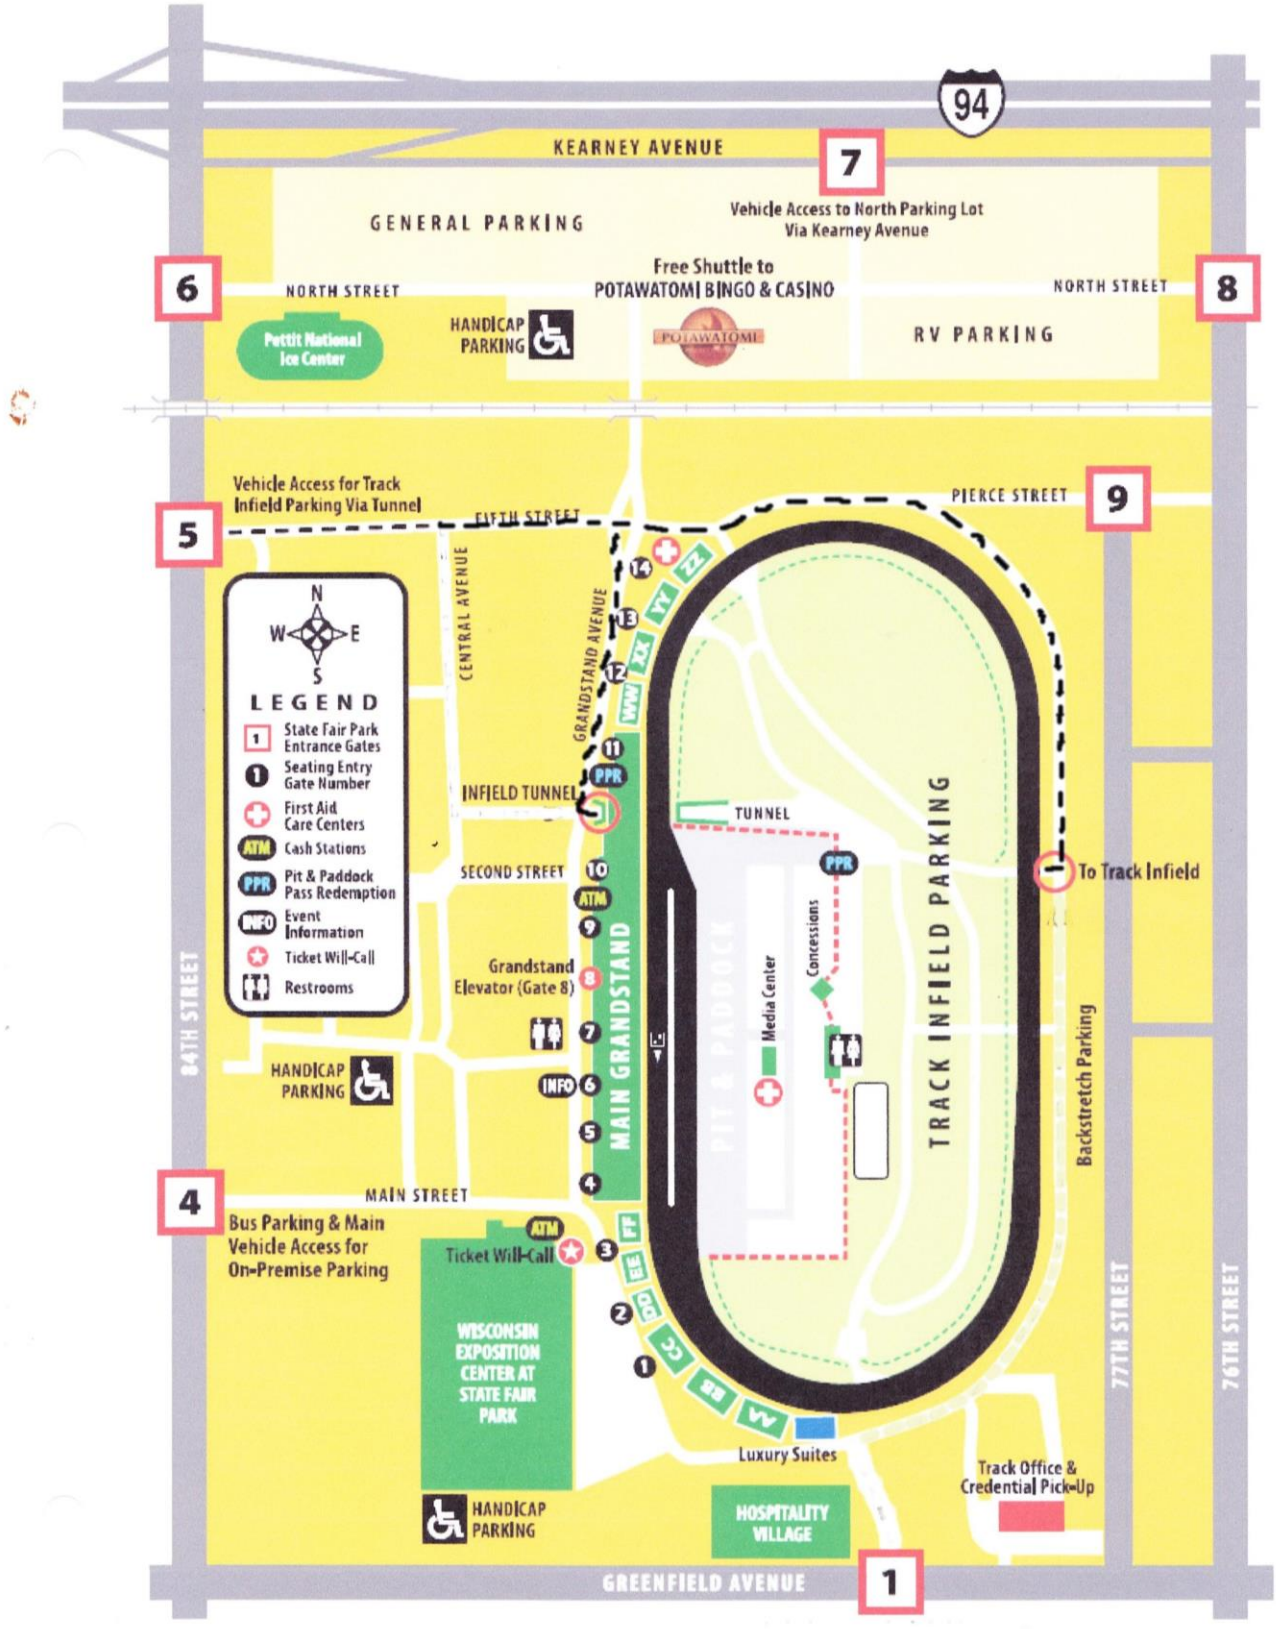

Gasoline:
Fuel will be available at the track thanks to Wolf Fuels for purchase. 100 octane and 110 octane fuels are available. Unleaded pump gas is available at several nearby stations. 110 octane race gas is available 1 mile south of the track at Shell Mart, 2310 S 76th St (at W. Lincoln Ave), Mon-Sat 5:30am-11pm; Sun 7am-10pm, (414) 546-2786.

Car Numbers:
Race control and timing & scoring are situated high above the track in the control room above the grandstands. If feasible, we encourage and **request that autocrossers place large tape numbers on the roof of your car.**

Concessions:
A Catering cart will be serving lunch south of the media center on Friday, Saturday and Sunday. Numerous fast-food and sit-down restaurants are just outside the track gate. Due to the short hours, workers are provided gourmet box lunches. Dinner and beverages will be provided Saturday evening.

Pets:
No pets are allowed at the Milwaukee Mile per track regulations.

Milwaukee Mile Road Racing Challenge Track Day INFO

August 28, and 29

The day is designed for you to learn performance driving techniques in a controlled environment, or to shake down your race car. The day is not racing. The event is open to street and race cars. Competition license is required only in Group 4. Drivers of all skills and abilities are welcome, limited instruction may be available. Drivers will be divided into groups based on experience. Groups will rotate through sessions appr. 20 minutes long.

Driver Eligibility:
Driver must be 18 years old and have a valid state issued driver's license. 16 and 17 years old may participate with a valid driver's license and a Midwestern Council Minor Participation Wavier. License must be presented at Registration. Drivers participating in the comp Group must also present a valid competition license at Registration (MC, SCCA, NASA, etc., see Supps 2.1). Drivers aged 14 to 17 may participate with a Competition license (MC, SCCA, NASA, etc., see supps 2.1).

Driver Safety:
Drivers must wear long sleeve and long pants made from natural fibers and closed toe shoes. A Snell Foundation 2010 or newer helmet, M, SA or K rated. Factory installed 3-point belts or higher are required. Roll Bars/Cages are required in open-top vehicles without factory roll-over protection. Some exceptions apply: refer to tech inspectors for details. Drivers & Vehicles in competition groups must meet safety requirements as specified in the Midwestern Council GCR for wheel to wheel competition.

Numbers:
Car numbers will be assigned on a first to register first assigned basis. MC permanent numbers are NOT honored, but we will honor your number requests as much as possible. Numbers must be on both sides of the car, of contrasting color, at least 6" high, and not made from shoe polish or marker.

Run Group:
We reserve the right to change your run group based on experience and to balance the groups for a safe and fun event. Moving to another run group is only permitted with the approval of the chief steward.

Passing:
Passing will be done with a point by for each car passed. Passing two cars at once is unacceptable. Drivers passing without a point by will be black flagged. First offense you will sit out the rest of the session, second offense you will not be allowed back on track. This is not racing. If a driver is faster than you in the corners, let him pass you in the straights. You may have to lift off the gas to let them pass. Black flags will be issued for not letting faster cornering cars by on the straights.

Passing zones are on the oval's straights for all groups. Pass must be fully completed by turn-in point of the next corner. The Advanced Group will be able to pass on the straights in the infield. Competition Groups may pass anywhere on track. Point-bys are highly encouraged. If you are a licensed competition driver in one of the HPDE groups, you are required to follow the passing rules of that group!

Passengers:
No passengers will be allowed except those designated as an instructor by the chief steward. The only time more than one person is allowed in the car is if one of those people is a designated instructor. Instructors may take students in their car or ride along with students.

Instructors:
Instruction is very limited. Instructors are volunteers from the advanced and competition run group, appointed by the event chief steward. We expect instructors to assist new drivers with learning the line and basic driving technique for a session or two. We respect that our volunteer instructors are at the event for their own track time. A more formal course of instruction is available at Midwestern Council Driver's Schools.

On-Track Behavior:
Front windows must be down. Honor the blend line when entering the track. Watch your mirrors and corner stations. You will be black flagged if you aren't paying attention. Not all corners may be manned. When exiting course, put your left hand in the air to signal you're slowing; move off-line. Exit the track using Pit Row; other exits are for your emergency use only. Off-course excursions will bring you into the pits to chat with the steward. Multiple off-course excursions will end your day. Emergencies on track will result in the session immediately being ended.

Flags On-Course:
Yellow: Stationary or Waving. Incident up ahead. Keep car under control, no passing until the next manned station.
Black: Driving infraction. Proceed to pit lane immediately to talk to the steward at the Black Flag Station.
Blue: Faster car is behind you, let them pass.
Yellow/Red: Debris on the course. Drive with caution, be alert.
Checkered: End of session. Finish your next lap and exit track through pit lane.

Milwaukee Mile Road Racing Challenge

Track Day entry

9AM to 5PM Friday August 28, 2020

8AM to 12:00PM Saturday August 29, 2020
