Driver's School February 20-21, 2026
Roebling Road Raceway - Supplemental Regulations
Sanction #: 26-DS-66060

SCCA
Sports Car Club of America.

RULES/ORGANIZER: This event is governed by and held under the SCCA GENERAL COMPETITION RULES (GCR) and the Category Specifications, as amended, for 2026, found at <https://www.scca.com/pages/cars-and-rules/> and <http://sedivrracing.com/road-racing/>. The organizer of the event is the Buccaneer Region of the Sports Car Club of America, 1135 Roebling Rd, Bloomingdale, GA 31302.

CHIEF STEWARD & CHAIR SOM: Chief Steward: Ken Blackburn; Chair SOM: Mike Kaminsky

DRIVER ELIGIBILITY: All drivers must have a current SCCA Annual Membership. SCCA Road Racing Novice Permits are optional but not required unless you are a minor aged 14 through 17. For most drivers, only a State-issued driver's license is needed. If you are a minor, you must have a state-issued driver's license or an SCCA Road Racing Novice Permit and all SCCA Minor Waiver documents completed and on file with the National office prior to the event.

Note: Those drivers wishing to race on Sunday must call the SCCA national office (800-770-2055) to obtain your Novice Permit in advance of the event, and you must complete the SCCA on-line driver's course prior to attending the weekend. Bring a printed copy of your completion certificate with you. (See instructions on motorsportreg.com for login information) **Drivers who successfully complete the school will be eligible to register for the SARRC club race on Sunday, and will receive a \$50 discount. Required SCCA and SARRC patches & stickers are available in tech. STUDENTS THAT INTEND TO RACE SUNDAY MUST ATTEND THE DRIVER'S MEETING ON SATURDAY.**

Driver's school credit can be recorded in either a Road Racing Novice Permit or a Driver Participation Log. For drivers using the Driver Participation Log, a Novice Permit must be issued by the National office before you can participate in a Regional Road Racing event – even if you have passed driver's school.

VEHICLE ELIGIBILITY: This event is open to any car meeting SCCA General Competition Rules, eligible SEDIV recognized regional classes (www.sedivrracing.com), and these regional classes - SSM rules are here: [2024 SSM PrepRules Jan 2024.pdf - Google Drive](#). FVEZ rules are here: [Buccaneer Region of the SCCA: Club Road Racing](#). Production-based cars and small-bore GT cars with a weight: horsepower ratio no less than 7 lbs. per horsepower and meeting SCCA safety requirements found at <https://www.scca.com/pages/race-experience-rules> do not need a specific SCCA Class to participate in this event. Inspections will be done and logbooks issued for the vehicles as a "Race Experience" car. This does mean that your car will need to have racing items like a roll cage, racing seat, racing harness, window net, etc. If your car has run other organizations like Champ Car, AER, Lucky Dog Racing League – chances are it's good to go, but our tech inspectors will double-check for you.

If you have questions about your specific car, please contact the registrar, and your question will be sent to the appropriate organizer.

We encourage all vehicles to have the annual inspections, or new logbooks issued BEFORE they arrive for this event. Annual inspections may be done when Tech opens on Thursday. Master switches and tow hooks will be checked as well, so please come prepared. **Required SCCA and SARRC patches and stickers are available in tech.**
