Track Familiarization Session: The purpose of this session is to give TE entrants the opportunity to drive the track at slow speeds. The TE group will be led around the course at a slow rate of speed for approximately 15 minutes. No passing or laying back to speed up will be tolerated. Cars will remain single file and must maintain the speed established by the pace, or lead, car(s).

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5 inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off-Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Driving Sessions: Sessions will be as noted per the schedule and will be approximately twenty minutes in length. It is the driver's responsibility to be ready in the Grid area at the scheduled time. Failure to be ready per the schedule may cause the entrant to be prohibited from participating in that session.

The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" may be designated with traffic cones on one side of the track surface and at the edge of the pavement: ONE CONE to designate the beginning of the zone and ONE CONE to designate the end of the zone. All passes must not be started before the FIRST cone and must be completed by the end of the designated zone marked by the SECOND cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

A Track Event (TE) is not a race, therefore tailgating or "dive bombing" the car in front of you, especially in turns or at the beginning of a passing zone, is inappropriate and unsafe. A minimum of 1 1/2 to 2 car lengths must be maintained between vehicles at all times except when passing. Failure to adhere to this requirement will result in penalties as determined by the Chief Steward
