for Ticket reservations of the Banquet

The use of the banquet room and the meeting rooms for the Conference are complementary, provided that enough rooms are rented and dinners are purchased for the banquet.

To see if you are receiving an award from the Padholder Super Cup Sprint and Road Race Series go to <https://www.padholdersupercup.com/> click on the points page to see the awards recipients.

For our new and veteran racers of the Northwest a brief explanation of the NWKA Conference.

The Annual NWKA Conference will begin on Friday evening December 1st with a reception for all who are attending the conference and banquet. The reception is a great place to start off the Conference with racers from the NW talking about the season and what great possibilities will hold for the future of the region.

The official conference meeting will start Saturday Morning December 2nd at 8:00AM to 5:00PM, Sunday 8:00AM till finish.

The NWKA conference traditionally consists of the member clubs and tracks in the Northwest which have been convening since the 1970's and was conceived and organized to provide a uniform set of rules and sanctioning and to provide parity and equality among all the Clubs, tracks, in the region. The meeting is conducted by one of the NWKA Officers.

The regional Schedules are comprised at this time during the Conference. Once the regional schedules are decided at the conference then the clubs and promoters can schedule their local race season to avoid potential conflicts. Each member Club and or promoter send 4 delegates to the NWKA Conference to debate and vote on rules, classes, dates, officials, etc for the region to ensure all clubs and their members and the karters are treated fairly and uniformly.

Once dates and rules etc are voted on the club delegates then take that information and present to their respective club members and the clubs to set schedules class structure and rules packages accordingly.

The conference meetings are open to all our karting racers and families of the northwest and we highly encourage your attendance and input through your respective club or promoter representatives so that the racers voice is heard. While it is implied, a reminder to all that the vast majority of the delegates and elected officials of the NWKA member clubs are volunteers and without their support throughout the last 50 plus years the NWKA and the regional program would not exist.

So for those that volunteer to help make our sport better a huge thank you is in order. If you would like to volunteer or help out contact your local representatives and get active.

Present member clubs and tracks are listed below.

Tri Cities Kart Club
Portland Karting Association
Puget Sound Road Race Association
Spokane Kart Racing Association
North West Road Racers
Puget Sound Go Kart Association
Portland Karting Association Road Race
West Coast Kart Club
Sumas International Motorsport Academy
Southern Oregon Karters

So, from all of the Northwest Karting Association Member Clubs and Tracks of 2023.

Thank you for making the 2023 racing season a success. We look forward to seeing you in 2024 and we hope that you encourage your friends, family, and coworkers to join our karting family to make it even better and more exciting for 2024 and beyond.

For more information please see <https://www.padholdersupercup.com>

We would like to say thanks to the NWKA PADHOLDER SUPER CUP sponsors for the 2023 season
