Express Tech will be available to those entrants with vehicle logbooks that contain an annual inspection and no notations, and a 2021 SCCA Helmet Sticker. You must meet all three of these criteria to be eligible for Express Tech. If eligible, you will only need to bring your logbook to Express Tech at the Tech Shed. It is the driver’s responsibility to ensure that his gear is in compliance with the GCR. Tech will inspect gear and issue 2021 helmet stickers, preferably in the driver’s paddock area, upon request. CAR ELIGIBILITY: These events are open to all vehicles conforming to the current GCR for regional racing, SEDIV regional racing, and/or Atlanta Region regional racing rules. SEDIV regional racing rules for CF, GTA, IT7, ITO, SM-T, SMSE, SMSE-T, MXP, SPO, and SPU are available at www.SEDIVRacing.com. Current rules for ITT and ITX are available at <http://atlantasccta.com/programs.roadracing.html>. Atlantic Cup PRO Cup (APC) eligible cars can be found at <http://www.AtlanticProCup.com>. TIMING & SCORING: All cars are required to use fully operational MyLaps/AMB TranX260 or X2 transponders, and the driver is responsible for providing correct information to Timing & Scoring. New X2 transponders must be activated before you arrive at the track. Make sure your transponder is on and functioning for ALL SESSIONS.

Paddock/PARKING INFORMATION: We will be using the Tower Paddock located outside of the front straightaway. We ask that you work with us to accommodate most of your wishes regarding paddock parking. To that end, paddock parking personnel will assign, and direct parking based on the size of your vehicles per instructions from the Paddock Chief using the following guidelines:

- Single car set-ups will get a spot twenty (20) feet wide that is long enough to accommodate the tow vehicle and trailer if possible. All awnings and support equipment must fit within those confines. This allows the maximum amount of parking in desired areas.
- Multiple car teams and/or participants providing services to the Atlanta Region will be located to maximize their efficiency.
- Paddock spots with power are very limited, the priority is to provide electrical hook-ups to the maximum number of competitors.
- We request that open trailers not actively involved in support of a race vehicle be removed from the main paddock areas.
- Spectator and crew parking is limited in the paddock areas. Ride sharing and race team cooperation are appreciated. Personal vehicles not involved in rig loading or trailer activities must remain outside of the paddock until Load In is complete.
- If you have special requests, please let the Paddock Chief know prior to arriving so he can make appropriate arrangements. arsccapaddockchief@gmail.com
- For Safety reasons the county Fire Marshal requires that access lanes be kept open. Vehicles parked in no-parking areas may be towed without warning.

COURSE: 2.54 Mile Michelin Raceway Road Atlanta main course.

FLAGS: Signaling will be done with flags. Station 9, on the back straight, is the Black Flag station. Individual Black Flags and mechanical "Meatball" Flags will be displayed at this station and at Start/Finish. A "T" for transponder and/or "SOUND" board may be shown along with the car number and black flag. When possible, a waiving White Flag will be shown at Start/Finish to indicate the last lap has begun. During qualifying and races the Checkered Flag will be displayed only at Start/Finish.

It is the driver's responsibility to listen to the PA system and pay attention to activity on track.** The schedule or run groups may only be changed at the discretion of the Chief Steward, with concurrence by the Event Chair, depending on pre-race entry counts or as needed to accommodate situations during the event.

PIT LANE: The entrance to pit lane from the track is driver's Left just under the Turn 11 bridge. Drivers are to maintain a safe speed on Pit Lane with **absolutely** no racing.

ECR & APC COMBINED FORMAT: APC entries (Group 8) and ECR entries (Group 9) will qualify and race concurrently. Both groups will be gridded based on fastest qualifying time regardless of series, then take the green flag in that order. After the 45-minute point a black flag and a "APC Only" sign will be shown to the leading APC car at Start/Finish and will remain out for an entire lap. This marks the end of the APC race and those vehicles should safely but briskly proceed to Pit Road and, if appropriate, Impound. The ECR cars will continue until the checkered flag is shown at the end of ninety (90) minutes. Any APC vehicle disregarding the black flag will face disciplinary action and possibly further registration fees.
