- No smoking in pit lane.
- No one under 16 years old will be allowed in the pit lane unless they are registered as a driver in this event.
- All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls.
- Tire scrubbing is not permitted at any time in the pit lane.
- Four (4) crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes.
- No crew members are allowed at the pit wall during starts and restarts.
- Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.
- When entering the track from the pit lane, stay drivers left up to corner 13.

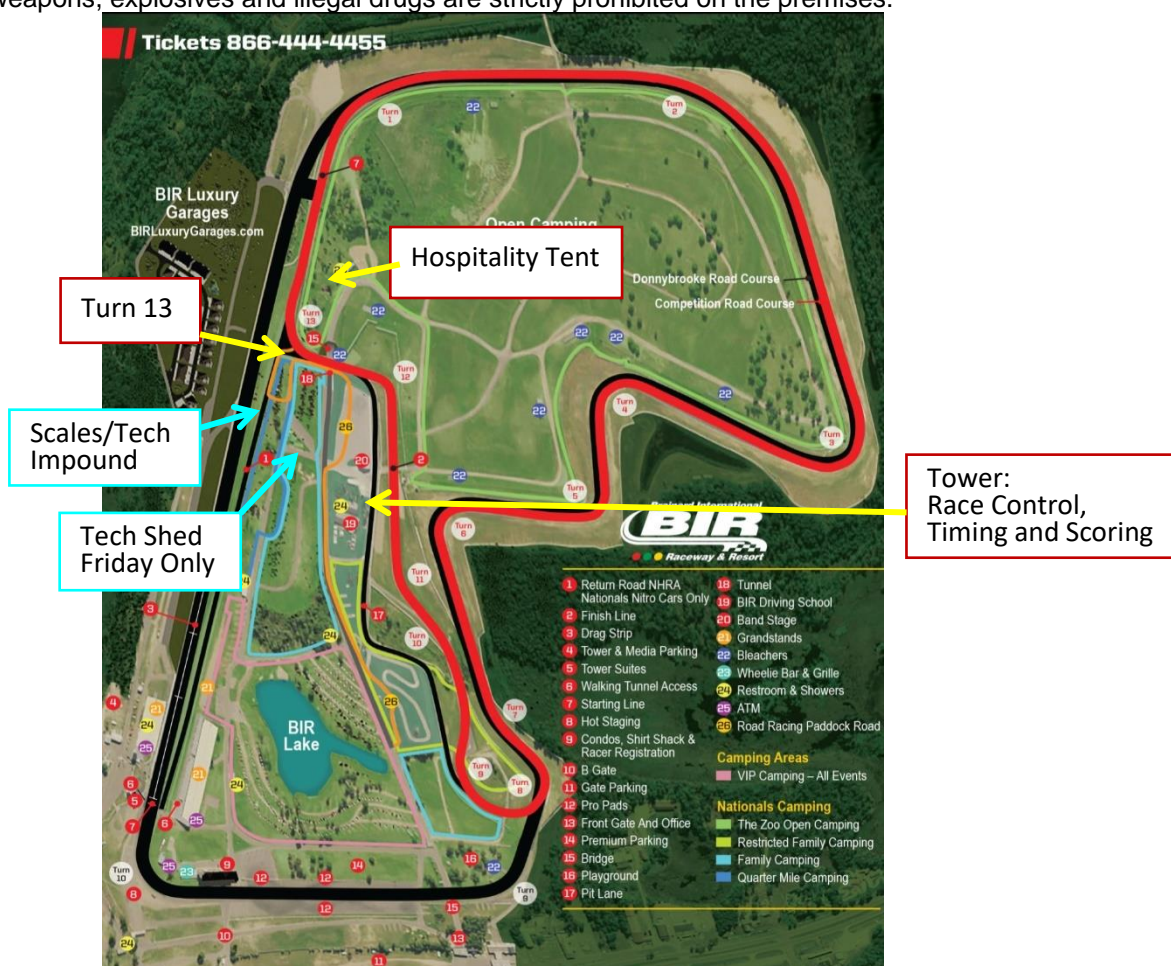

RACE COURSE RULES:

- Start, Finish and Timing: All race starts and restarts will be from the Start Stand, which is located at Turn 1. The checkered flag will be displayed at the Finish Stand, which is located across from Timing & Scoring. All race and qualifying timing begins and ends at the timing loop in front of Timing & Scoring. The loop is marked by orange cones on each side of the track approximately 20 feet before the Finish Stand. For all races, timing starts when the front row crosses the front straight timing line during the pace lap. On a pace lap, the Pace Car paces the field to Turn 13 and then exits the track surface. Be prepared for this to happen. The front row then paces the field until the green flag is given.
- In addition to GCR 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course.
- Provisional results for all practice and qualifying sessions shall include lap times and shall be posted as soon as possible, at the base of the Tower.
- The fastest qualifier in a race group who selects the "outside pole" (per GCR) must notify the Grid Marshal at the front of the field before the five-minute warning is given for that race group.
- Split starts are at the discretion of the Chief Steward who must receive a request within one hour after posting the final grid.
- Tire scrubbing is permitted only after the apex of corner 13.
- If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car / driver up to that point will be removed.
- A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker) must report to Impound (located at the scales) with their car and remain there until released by the Black Flag Steward or Chief Steward.
- Any driver found to have driven on course in any vehicle before having properly signed the waiver will be disqualified from the event with no refund of entry fee and will be removed from the premises.
- All on track body contact (including contact during drafting) that causes a car to act erratically and results in a change of position, or a car leaving the course, will be investigated.
- At the end of each session, all running cars shall exit the track and/or pit lane by progressing to turn 13 and exit the race course to the paddock or impound as directed by race officials.
- The checkered flag may be displayed at a corner station in addition to the finish stand in practice/warmup.
