Everyone on pit lane must wear their restricted area event credentials at all times. **When exiting the track via pit lane, stay within the marked lane that starts at speedway 4, paralleling the apron until the turn off to pit lane. While traversing pit lane, keep to the far right (NASCAR Fast Lane).**

TEST DAY TEST SESSIONS: All sessions will end with a checker flag displayed at turn 6, followed by a black flag at all stations, with the Speedway flashing lights on. Please proceed directly to pit-in.

SOUND CONTROL: This requirement is waived for this event.

COURSE: Daytona International Speedway is a 3.56 mile road course, run in the counter-clockwise direction. At the start of each race, through the completion of the first lap, or any restart, no vehicle shall drop any wheels below the yellow line in the tri-oval area. **Chicane on back stretch:** if you are unable to safely negotiate the turn into the chicane, you MUST bring your car to a complete stop before re-entering the course at the exit of the chicane and you MUST NOT gain an advantage on the vehicles in front of, or behind you, or a penalty may apply. Additionally, in accordance with G.C.R. 6.11.3, drivers passing with four wheels off to the left of the pavement at the apex of the exit of the chicane may be penalized. When illuminated, they have the same meaning as double yellow (full course) situation or may indicate a black flag all. Due to the long distance after turn 7, pay attention approaching Start/Finish for flag condition. If a red flag needs to be displayed, lighting on the banking may not change, but the red flag ALWAYS has precedent over any other flag or light.

GARAGE SPACES: There are a limited number of garage spaces available which may be selected on a first come, first served basis during the completion of online registration. The Registrar maintains the right to re-assign garage selections to meet operational needs, or limit availability due to circumstances beyond CFR's control. Come prepared! CFR Paddock Marshals and Officials will strictly enforce garage assignments. Garage area access will be permitted to a limited number of support vehicles. Each driver, with a reserved garage space in their name, will be entitled to one garage parking credential for support vehicles. Please be sure to pick them up at registration.

GARAGE AREA PARKING: To provide access and traffic flow, all support vehicles must be parked no less than 24 feet from the garage pad on the open garages. Garage area parking is limited to select support vehicles only (at the discretion of the paddock marshal). **Only properly credentialed support vehicles will be permitted in the garage areas. Unauthorized vehicles parked in the garage area, will be towed from the garage area.** CFR assumes no responsibility for any damage that may result from the towing of unauthorized vehicles. Follow the direction of speedway personnel and/or the paddock marshal, whose purpose is to ensure adequate parking and traffic flow for all competitors. **Each garage stall includes one (1) marked parking lane. Use only one lane for all your support vehicles. Yellow Garages – on the north side (trackside) closed garages (numbers 1 thru 24) all have a corresponding garage number on the fence in each parking lane. Park in the designated lane for your garage. Use ONE lane only. Blue garages, lanes are not numbered but there is still only ONE lane for each garage stall. Blue garage support vehicle parking starts at the end of the row, first lane to first garage, which will NOT be the space immediately across from your space. Regardless of how many vehicles you have in your garage space, you still are only entitled to ONE lane in either area.**

GEICO LOT PARKING: Drivers wishing to set up their paddock in the Geico lots are limited to two numbered adjacent spaces, with a total measurement of 40 feet by 40 feet, for each competition car entered in the event. Your entire setup, i.e. tow vehicle, trailer, motorhome, race car, etc., must be contained within the space allotted to you. This is necessary to ensure sufficient space is available for all attendees and ensure a smooth flow of traffic within the Geico lots. Note that there may be an additional charge for additional spaces beyond the two allotted per competition race car entered in this event.

TROPHY/POINTS: Trophies will be awarded to class winners of the Sprint races and in accordance with the GCR for the Enduro and Feature races. Only Feature races will count towards sponsorship contingency programs. Trophies will be distributed near tech, or as otherwise announced, and may be distributed in advance of posting of final results.
