Entrants must be an SCCA member. If you have a SCCA Time Trials (TE) license, you must bring it with you to registration.

Track Event Novice drivers are defined as those who have little or no previous experience with similar programs, or have not been signed off to run without an instructor. Experienced TE drivers are defined as those who have been signed off to run without an instructor. The TE lead or Chief Driver Coach reserve the right to classify a participant in a group based on their assessment of skill level.

Entry Limit: Entries will be limited to 20 cars for the novice group and 42 for the experienced group plus any CFR TE officials that need to be in that grouping due to their work assignment. If you pre-register and find that you are unable to attend, please be considerate and cancel your registration so that others may attend.

Vehicle Eligibility: Determination of vehicle eligibility will be in accordance with the current SCCA Track Event and Time Trials Rules. Exception: Open wheel and sports racer competition type vehicles are not eligible to participate in this TE nor are high center of gravity (HCG) vehicles such as SUV's, pick up trucks and vans.

The use of on-board timing systems of any type is not permitted. Driver's and passenger side windows must be down while car is on the track.

The use of any **cameras**, video included, is generally restricted to "in-car" attachment only as recommended by their manufacturer and mounted in a secure manner. If an exterior camera mount is used, it must be bolted firmly to an exterior body part and approved by Tech. Suction type devices by themselves are not acceptable.

In-car Instruction: Participants that have not previously been signed off to go "solo" at a previous track event will be required to have a ride along coach for which an additional fee of \$50 will apply. Participants falling into this category must have a passenger seat with, at a minimum, the same safety standard as the driver's seat. Coaches will be assigned to each novice entrant and entrants may have a coach riding with them until the coach is satisfied with the entrant's abilities to lap the course safely. The requirement for a ride along coach may be waived by the Chief TE Driver Coach based on prior experience of the participant. The Chief TE Driver Coach, or his designated representative reserves the right to ride along with any participant.

Tech Inspection: will be held at the track at the times and areas noted in the event schedule. It is recommended that TE entrants have their vehicle "teched" on Friday for Saturday drivers and Saturday for Sunday drivers. You must take your vehicle, your tech card, **and a completed TE Pre-Tech Form** to tech inspection.

Track Familiarization Session: The purpose of this session is to give TE novice entrants the opportunity to drive the track at slow speeds. The TE group will be led around the course at a slow rate of speed. No passing, nor laying back to speed up will be tolerated. Cars will remain single file and must maintain the speed established by the pace, or lead, car(s).

Drivers Meeting: All entrants **MUST** attend scheduled driver's meeting. The time and location is noted in the schedule. Failure to attend this meeting may disqualify the entrant from participating in the TE event and their entry fee will not be returned.

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5 inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Passengers: With the exception of an assigned coach, passengers will not be permitted to ride along with TE entrants unless approved by the Chief Steward or TE Lead. All passengers must be SCCA members or have an SCCA Weekend Membership for this event.

Passing: Passing for the Track Event will only be permitted in the three zones as noted on the course map below:

Passing: Passing will only be permitted in the three(3) zones as noted, and only after the driver of the overtaken car acknowledges with a hand signal or vehicle directional signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones on one side of the track surface and at the edge of the pavement: **GREEN** to designate the beginning of the zone and **ORANGE** to designate the end of the zone. The Tower Turn passing zone is very short, be courteous. All passes must not be started before the **GREEN** cone and must be completed by the end of the designated zone marked by the **ORANGE** cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

These passing zones apply ONLY to the Track Event, not the Competition School or Events.
