Track Open Lapping

Qlisper' Raceway Park

June 3, 2022

7:00 am – 12:00 pm

INWR PCA is pleased to announce the Spokane Festival of Speed has an open track half day at Qlisper' Raceway Park (QRP) in Airways Heights. Registration and technical inspection 7:00 am – 8:00 am. The event will run from 8:00 am to 12:00 pm on Friday, 3 June 2022. INWR PCA is coordinating the session for FoS. It is not a Porsche Club of America event. It is open to all makes of cars.

Spokane Festival of Speed, FoS, <https://spokanefestivalofspeed.org>

FoS is arranging the track rental, insurance, and services, provided for you via INWR PCA. INWR PCA is also assisting with registering drivers for this session.

This is a track event for open lapping, not competition. It is intended for new or experienced track drivers desiring to drive their Porsches or other manufacturer cars on a track in a safe, controlled manner.

This event is NOT open to cars participating in the SOVERN Test 'n Tune on Friday afternoon or the SOVERN races on Saturday and Sunday.

Run Groups

Cars will be divided into run groups based on the experience and capabilities of the drivers. The performance capabilities of the cars is a secondary factor for run group assignment.

For those with no or very limited track experience, the driver will be placed in a group that will use a lead-follow method with experience drivers conducting controlled exercises for braking, cornering, the correct line, and passing.

Track

Qlisper' Raceway Park, QRP, <http://qrpracing.com>

We will be running the short course in order to manage speeds and for new or limited experience driver safety.

Safety Requirements

1. Cars have a technical inspection. Double click the .pdf symbol for the embedded form:

FoS Open Track
MinimumStandardTi

2. Technical inspection sources:
