Palm Tree Winter Majors & Double SARRC

Florida Region January 1 - 4, 2026

Homestead-Miami Speedway

GPS Address: 1 Ralph Sanchez Speedway Blvd., Homestead, FL 33035

Sanctions #26-M-65992; #26-R-63978

SUPPLEMENTAL REGULATIONS

This event is held under the General Competition Rules (GCR) and Category Specifications, as amended through December 2025 per "FasTrack", and the current South Atlantic Road Racing Championship (SARRC) rules. The event will be conducted on the Homestead-Miami Speedway 2.30 mile road course utilizing oval track turns 3 & 4.

REGISTRATION: Drivers should register for the event online at www.motorsportreg.com. Drivers without internet access may request a paper entry form and mail it with their entry fee to the Event Registrar:

Shayna Ricker, Registrar, shaynaricker@gmail.com
Phone: 828-206-9876 Call, text or e-mail with any questions!

Do not mail entries by any method that requires a signature upon delivery. E-mail entries will NOT be accepted. The SCCA strives to ensure ALL participants at its events and activities enjoy a welcoming environment. The SCCA supports equality of opportunity and treatment for all participants and will make every effort to maintain an environment that is free of harassment, discrimination and any behavior that interferes with a safe, fun and exciting experience. A commitment to a welcoming environment and the SCCA Values is expected of all members and attendees; including drivers, workers, crew, guests, staff, contractors and exhibitors, and other participants at SCCA activities, sessions and social events when representing the SCCA in print or electronic media.

SOCIAL EVENT: Please join us for an all-participants' dinner at the conclusion of activities on Saturday, to be held in the breezeway and tent at Paddock Central.

COMPETITION NUMBERS: Every effort will be made to honor Conference Preferred Numbers until 14 days prior to the event. Due to the make-up of the run groups, however, this may not be possible in all situations. If two drivers holding the same Preferred Number request that number for the same run group, the number will be assigned to the driver with the earliest request. Secondary preference will be given to 2026 SEDIV reserved number holders. 14 days prior to the event, all unused reserved numbers will be released on a first-come, first-served basis.

ENTRY FEES: The entry fee for competitors seeking U.S. Majors Tour points is \$525. The entry fee for competitors seeking SARRC points only, and for SARRC-specific classes, is \$350. Any entrant who is not eligible for SARRC points, or is waiving all points, must pay the Majors entry fee. There will be an additional \$30.00 compliance fee per entry for SRF3, SRF, FE2 and FE, whether entered for Majors or SARRC points. There will be an additional \$20.00 compliance fee per entry for SM and SMX for the Majors only. Garage space is available for rent on a first come first served basis for \$125.00 per space for the entire event. See the separate Supplemental Regulations for the Test/Practice Day for that entry fee. You may also donate to the SCCA Foundation when you register. **Drivers wishing to share garages should register together as we cannot guarantee that adjacent garage space will be available.**

**Palm Tree Winter Majors & Double SARRC
Supplemental Regulations, January 1–4, 2026**

Sanctions #26-M-65992; #26-R-63978

Page 2 of 5

ENTRY FEE PAYMENT: Drivers who complete their registration online, via the www.motorsportreg.com website, can pay by credit card, at the time of registration. Entry fee payments for online registrants not received by the Registrar via www.motorsportreg.com may be paid at the track by check, money order or cash. Credit Card payment option is available only for those drivers/entrants who complete their registration and payment online, via the www.motorsportreg.com website. If paying by check, make checks payable to **Florida Region, SCCA**. A fee of \$35 will be charged for any check returned by the bank. If you pre-enter and are a no show, your check will be destroyed and any credit card payments will be credited back to your card. If you sign in at registration and do not go through, or pass, Tech, you must notify the Event Registrar, **BEFORE YOU LEAVE THE TRACK**, in order to receive your refund. Requests for refunds made after the event is over will be in the amount of the applicable entry fee less \$60. Any refund request will be in the discretion of the Chief Registrar. At-event Registration will be held in the Registration Building near Gate 18.

PASSES: Each entry receives five (5) passes, INCLUDING THE DRIVER AND ENTRANT. *Workers, guests & crew must sign for their own passes and must arrive while registration is open.*

INSURANCE: Participant insurance will be provided in at least the minimum amounts required by the SCCA.

U.S. MAJORS TOUR EXPRESS TECH: U.S. Majors Tour Express Tech will be available in the express line for those that have a valid Annual Tech, 2026 Helmet sticker and no notations in their logbook. You need to bring only your logbook to tech if you have a 2026 helmet sticker. If you do not meet one or more of these criteria, you will need to visit Tech located near Registration and/or inside the paddock near impound. **It is the driver's responsibility to ensure that all gear is in compliance with the GCR.**

TECH: If drivers do not meet Express Tech criteria, they must present all driver gear as required by the GCR, vehicle logbook and completed tech card to Tech. If your car requires an annual tech you must also bring the car to Tech. Tech will be located in Garage 1.

SCALES: Will be available at Tech beginning on Friday at approximately 9:00 a.m. and will generally be available except during race impounds.

DRIVER ELIGIBILITY: Drivers must have a current SCCA Full Competition license. Novice permits and all other licenses listed in GCR Appendix C, 2.8.B are not accepted for this event.

DRIVERS' MEETING: Due to the tight schedule, there will be no in-person Drivers' Meeting this year. A Chief Steward's Letter will be sent to all entrants in advance of the event and will be considered an Addendum to these Supplemental Regulations.

CAR ELIGIBILITY: Competition is open to all cars conforming to the GCR as "U.S. Majors Tour Eligible" or "Regional" classes that are eligible for SARRC points. SARRC rules can be found here: <http://sediv racing.com/road-racing/> and select "SARRC & Car Class Rules".

TIMING: ALL CARS ARE REQUIRED TO USE FULLY OPERATIONAL MyLaps (formerly AMB) TRANSPONDERS, and the driver is responsible for providing correct information to Timing & Scoring. A failed (or improperly registered) transponder during qualifying will result in qualifying times not being recorded while the transponder is not functioning properly and may result in the car being gridded at the back of the field. In the event of a transponder failure during a race, T&S will endeavor to score your car manually but this cannot be guaranteed.

DECALS: A U.S. Majors Tour and/or SARRC decal must be displayed on both sides of all competition vehicles, as applicable. All drivers are required to permanently attach the SARRC patch to their driver's suit either above or below the SCCA patch or directly across from it on their suit front. (Out of division drivers are excluded from required SARRC decals and patches). Competition vehicles must also display the official Summit Racing Equipment SCCA Road Racing decal. (The official SCCA Summit Racing Equipment Road Racing decal does not serve as the Summit Racing Equipment contingency program decal.)

Supplemental Regulations, January 1–4, 2026**

Sanctions #26-M-65992; #26-R-63978

Page 3 of 5

PADDOCK: Space for rig parking and set-up is limited. We ask for all competitors' cooperation with the Paddock Marshal or any assistant Paddock Marshal when parking. Failure to follow the direction of the Paddock Marshal or any assistant Paddock Marshal regarding paddock parking or activities may result in expulsion from the premises.

PADDOCK SPEED LIMIT: 5 miles per hour.

MEDICAL FACILITIES: The track's Care Center located at the east end of the Paddock will be staffed and will also accommodate non-racing medical requirements. There will also be an ambulance stationed between turns 6 & 7.

EVENT SCHEDULE/RUN GROUPS: Only the Chief Steward and Chair SOM, in agreement with the Race Chair, may modify these Supplemental Regulations, to include schedule and/or race group changes and to correct any typographical errors or omissions after the sanction has been issued. If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Actual session start times may deviate from the published schedule based on actual event progression. **Listen to the PA system and pay attention to what is happening on track.**

RADIO FREQUENCIES: Race Control is on a digital network. Tune in to channel 464.5250 MHz for analog scanners. For the safety of competitors and SCCA race staff, failure to keep this frequency clear will result in action under rights specified in the GCR. **DO NOT** use this frequency for personal communications. **Crew members are encouraged to monitor this frequency to alert their driver of on-course conditions.**

GRID: Grid positions for ALL qualifying sessions will be first come, first served. Sunday qualifying sessions will run back-to-back for Groups 1-4 and then for Groups 5-7 to save turn-around time. Unless safety is an issue, a disabled vehicle will only be retrieved after Groups 4 and 7 on Sunday. Starting positions for Saturday's SARRC/Majors races will be determined by the fastest time recorded for each car in their qualifying session. Starting positions for the Sunday races will be determined by the fastest time recorded for each car in either qualifying session or the Saturday race. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the pace lap.

QUALIFYING: Per GCR 6.4.2.E, a driver not qualifying within a maximum of 120% of the qualifying time of the fastest qualifier in their class must obtain permission from the Chief Steward in order to race. In the case of unusual circumstances, the Chief Steward can waive this rule for the entire event.

CLOTHING: Closed-toe shoes and sleeved shirts are required on the grid and over the wall on pit lane. Crew members on pit lane must display their event credentials at all times while on pit lane.

PIT LANE: Pit lane speed shall not exceed 45 mph. Violators may be penalized.

START TIMES: For timed races, the clock starts when the first car crosses the start finish line. A wave off will count as a lap.

START/FINISH: The race will begin and end at the stripe on the racing surface in front of the Start Tower.

SPLIT STARTS: Will be considered on a group by group basis after each qualifying session on Saturday. If your group feels it can benefit from a split start, see the Chief Steward at the end of your qualifying session.

COURSE NOTES: White flag at all stations will be displayed for the first lap of the first session for each group on Friday and Saturday for flag station identification. Any driver who puts a wheel over the white line on driver's left on the front straight, before turn one, during a start or restart to improve their position may be subject to a penalty as determined by the Chief Steward.

RACE LENGTH: Race 1 for each Group will be 25-minute timed races. Race 2 for each Group will be 22 laps or 40 minutes, whichever occurs first.

PACE/SAFETY CAR: In addition to GCR 6.5.2.B & 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the Safety car, the Safety car will enter the racing surface at Pit Out or at Turn 9.

PACE LAPS: In the event that a Race Group has a large number of entrants, the Chief Steward may add a second pace lap to include the use of the oval track only after the regular pace lap. The race will then start after the second pace lap, either with a green flag or a wave-off. If the Chief Steward has determined to add a second pace lap for any group(s), this will be announced on Grid before your race.

HARDSHIP LAPS: May be requested from the SOC on pit road. There must be at least one group between your lap and your race. Do not go to the grid until you have been approved for a specific time. A hardship lap is not guaranteed and may be canceled in the event of extended on-track cleaning activity.

BLACK FLAG AND MECHANICAL BLACK FLAG: Will be displayed at Start/Finish and Turn 8 with a number board.

SIGNIFICANT CONTACT: Per GCR 6.11.1.E, if a driver is involved in significant body contact, the driver and car are to report to the Steward of the Course (SOC) station located at Pit Central for a review of the incident before going to their paddock area. Significant body contact includes, but is not limited to: contact resulting in 2 or 4 wheels off course, spins, loss of position, or damage to suspension or body work. When in doubt, report to the SOC. If your car is towed in, please report to the Chief Steward, who will usually be located either at Tech/Impound or in the timing building at Paddock Central.

SOUND CONTROL: Sound Control for Homestead-Miami Speedway has been waived by the Executive Steward.

IMPOUND: The top three competitors in each class (both Majors and SARRC) for Saturday and Sunday races shall report to Impound immediately following the completion of their race. Do not stop on Pit lane to check tire pressures; proceed directly to the Impound line, where your crew can check pressures. If in doubt of your finishing position, report to Impound. Sunday class winners shall report immediately after their victory lap. After any session, additional cars may be directed to report to Impound at the discretion of the Chief Steward. Awards ceremonies may be conducted in the Impound area following the Sunday races; all competitors are strongly encouraged to attend.

AWARDS/POINTS: Out of Southeast Division drivers who are not dual members of a SEDiv Region are not permitted to enter the race for SARRC points in any class that is eligible for Majors points. They may enter as Majors only. Out of Division drivers may enter the following non-Majors classes- ASR, CF, ITA, ITB, ITC, ITO, ITR, ITS, FST, GTA, GT3, GTL, SMSE, SMSET, SMT, SPU, SPU, SC, SR1/3, and SRF. Trophies for all races will be awarded in accordance with the GCR. All Majors-eligible classes will receive Majors points; SARRC points (awarded in accordance with the SARRC rules) will only be awarded for these classes if you have registered for the SARRC as well. Non-Majors classes will only receive SARRC points.

SPEC MIATA and SMX COMPLIANCE: At post-race inspection, Spec Miata and SMX participants may be instructed by the designated Class Compliance Chief (CCC) to remove parts, including but not limited to the cylinder head, for disassembly and/or inspection. Competitors are responsible for performing required disassembly and/or reassembly of their car, as well as any resulting expenses incurred. The CCC will report any findings of non-compliance to the Chief Steward, who will then determine the need for a Chief Steward's Action (CSA) or Request for Action (RFA). NOTE: For SMX drivers and entrants – please see GCR 9.1.7.1.D.21, 9.1.7.1.D.22 & 9.1.7.1.D.23 in the SMX Rule Set for class-specific penalties for non-compliance regarding Cameras and Car Specs. Those paragraphs and tables are in addition to penalties in GCR 7.2.

VICTORY LAPS: Winners of the Sunday Majors race classes will receive a checkered flag. Following the cool down lap, the winner of each class should proceed immediately to pit central where they will receive their checkered flag and be directed on course for a single Victory Lap. Drivers need not wear their helmet or gloves during the victory lap and passengers are permitted in accordance with GCR 6.11.7. Drivers shall maintain a safe speed and be aware of safety vehicles which may be on course. Victory laps may be canceled in the event of extended on-track cleaning activity.

RESULTS: Live timing will be available during the event via the Race Monitor app. Timing and results on Race Monitor are not official. Final results will be posted to the Region's and SCCA websites no later than 7 days following the completion of the event.

CAMPING: Camping is allowed in the paddock on Thursday, Friday and Saturday nights. There is a \$100 fee for each competitor desiring to camp in the paddock. Water and electricity are available in limited areas of the paddock. Please indicate that you will be camping when you register. **NO CAMPING WILL BE ALLOWED ANYWHERE ON THE PREMISES ON SUNDAY NIGHT.**

DISABLED CARS: If the car has sustained body/chassis damage it will be released to the driver/crew after tech has made appropriate notations in the vehicle log book. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending on the availability of wreckers or flat tows.

MISCELLANEOUS ITEMS:

- Fuel will be available at the track from 7:00 a.m. – 5:00 p.m. Friday and Saturday, 7:00 a.m. – 10:00 a.m. Sunday.
- Food trucks will be available for the purchase of lunch and non-alcoholic beverages. Participants should bring their own supplies of ice and water.
- Tires and other supplies may also be available, check in advance.
- Racing safety equipment and supplies: Turbo John LLC (formerly SafeQuip Mfg.) (803) 732- 0937.

GENERAL RULES:

- **ALL VEHICLES *MUST* BE REMOVED FROM HOMESTEAD-MIAMI SPEEDWAY PREMISES BY 7:00 P.M. ON SUNDAY. THERE WILL BE NO EXCEPTIONS. ANY VEHICLES REMAINING WILL BE TOWED AT THE OWNER'S EXPENSE.**
- Skateboards, roller blades and other non-powered wheeled devices are prohibited.
- Bicycles are permitted.
- Operators of ATVs and other motorized vehicles must have State Motor Vehicle Operators License.
- Vehicles, golf carts, ATV's and bicycles are not permitted on any of the sidewalks at the facility or the concrete area outside of the Media (Drivers' Meeting) Room.
- Please keep the pit and paddock area clean by placing your trash in the barrels provided.
- Do not drain gas, oil or coolant onto the ground or pavement. Use the barrels provided for these in Garage 15.
- Please take your used tires with you as you will be charged for their removal.
- **Storage and dispensing of fuel in the Garages are strictly prohibited. Violators will be ejected from the premises.**
- **Per Homestead-Miami Speedway policy, no Unmanned Aerial Vehicles (UAV) of any type may be operated by participants/guests.**
