Supplementary Regulations

General Announcement

The Rally Association of Vancouver Island (RAVI) will promote a Time/Speed/Distance Navigational rally on Saturday August 9th 2025.

The event will run entirely on paved surfaces and be approximately 150km in total.

Jurisdiction

The rally is sanctioned by Rally Pacific Motorsports (RPM, the BC region of CARS), and follows the current BC Rally Regulations, which are posted here:

https://www.rallybc.ca/archives/2023/BC_TSD_Rally_Regulations_2023.pdf

and C.A.R.S. General Competition Rules.

This is round #2 of our club series of 3 novice events for 2025.

Required Equipment:

One (1) self supporting reflective warning triangle (30cm per side), some will be available to borrow, but please bring your own if you have one.

Either a spare tire, or the factory equipped alternative.

Additional lights on the front should meet legal requirements as to type and mounting height, and must be wired to the high beam lights such that the additional lights turn off when switching to low beam. Fog lights may be wired independently.

All vehicles must be in compliance with all Provincial regulations for roadworthiness including the requirement for seat belts.

All vehicles will require a smart phone with the Richta Competitor App (<https://richtarally.com/>) loaded, & activated at the start with only the Competitor App running, and subsequently placed in the vehicle so that it always has a clear view of the sky. The Richta scoring system, which will be mixed with manual controls throughout, requires this app to be running. Hints:
