May 5 & 6 2018
Blackhawk Farms Raceway 1.95 Mile
Sanction #18-M-5395-S

SUPPLEMENTARY REGULATIONS

This event is governed by the 2018 General Competition Rules (GCR) and Category Specifications, as amended for 2018 per "FastTrack", except as modified by these Supplemental Regulations.

REGISTRATION: Drivers can register for the race online at www.motorsportreg.com or msreg.com/BHFMajors2018. Drivers without internet access may request a paper entry form and mail it with their entry fees to the Chief Registrar:

Sue Green
19010 Round Grove Road, Morrison, IL 61270
Telephone (815)718-4881 (No Fax Entries) Email: swgreen321@gmail.com

At-event Registration will be held in the Registration building located to the right of the main entrance to the raceway. Do not mail entries by any method that requires a signature upon delivery.

ENTRY FEES: Entry fee for the two-day weekend is \$510. Second entry same driver \$295. Each SRF3, FE, FE2 and SM entry will be charged an additional \$20.00 compliance fee per entry for the weekend.

ENTRY FEE PAYMENT: Entry fee payments not received by the Registrar by the close of on-line registration Tuesday, 5/1/2018 11:59pm, may result in a delay in processing your registration at the track. All entries received after the close of online registration will be charged a \$40 late fee. Credit cards will not be processed before 5/3/2018. Make checks payable to **Blackhawk Valley Region, SCCA**.

A refund will be made if the entry is withdrawn prior to receiving a Tech sticker. Withdrawals are accepted by email, phone, in person or via Motorsportreg.com. If you pre-enter and are a no show, you will be charged a \$40 cancellation fee. If you sign in at registration and do not go through or pass Tech, you must notify the Chief of Registration, *BEFORE YOU LEAVE THE TRACK*, in order to receive your refund. Phone/fax entries will not be accepted.

PASSES: Each entry receives four (4) passes, including the driver and entrant. Additional passes may be purchased at Registration for \$10 each. Workers, guests, & crew must sign for their own passes and must arrive while registration is open. All crew members signing in under a prep shop list must be an SCCA member. Weekend memberships are available for purchase if needed. SCCA members (non-participants) must present a valid membership card for admission. Workers and members are limited to one guest each. Worker license and membership card must be presented at registration. SCCA members, crew, and guests who arrive outside of the posted hours of registration will be required to purchase a spectator pass to gain admission.

DRIVER ELIGIBILITY: Drivers must be a current member of the SCCA and have a current SCCA Full Competition license or SCCA Pro license to participate in this event. If you do not have the proper credentials it is your responsibility to contact the Registrar prior to the event. If the Race Director allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car/driver up to that point will be removed.

CAR ELIGIBILITY: Competition is open to all cars conforming to the GCR, as amended. Each car in each class is required during each of its on-track sessions to have a properly mounted and functioning AMB TRANX 260 OR MyLaps X2car transponder. Transponder times are the official times for all competition vehicles. A US Majors Tour decal must be displayed on both sides of all competition vehicles. Competition vehicles must also display the official Summit Racing Equipment SCCA Club Racing decal per GCR section 9.3.28. Majors stickers will be provided free of charge and may be obtained at tech.

COMPETITION NUMBERS: For entries received by the registrar through noon on April 21, 2018, Majors Series numbers reserved via the Majors Series Registration prior to the opening of online registration for this event will receive priority assignment. Secondary preference will be given to 2018 CenDiv reserved number holders. Due to the combination of classes within the run groups this may not be possible in all cases. At noon on April 21 2018, all unused numbers from both reserved number lists will be released on a first-come, first-served basis.

TECH: All drivers without a current year helmet sticker must present all driver gear as required by the GCR, vehicle logbook, and completed tech card (obtained at Registration) to Tech. If your car requires an annual tech you must also bring the car to Tech. As a courtesy Tech will be open on Friday for Annual techs, see schedule for hours. Tech will be located inside the paddock for all drivers.

SCALES: Will be available at Tech Saturday and Sunday 8:00 am – 10:00 am. Scales may be available for other participants during race impound, but priority will be given to impounded cars. Scales may be made available at other times at the discretion of the Chief of Tech.

EVENT SCHEDULE/RUN GROUPS: The event schedule or run groups may only be changed at the discretion of the Race Director, with concurrence by the BVR RE, depending on pre-race entry counts or as needed to accommodate situations that may be encountered during the event. If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track. **Saturday practice and Sunday qualifying groups will split the allocated time. Group 3A is a race-only grouping for FE/FE2 (providing we have a min. of 10 entries, 10 days before the event); all practice and qualifying occurs with group 3. Actual session start times may deviate from the published schedule based on actual event progression. Listen to the PA system or tune to 88.7 FM and pay attention to what is happening on track.**

IMPOUND: For Saturday races the top three competitors in each class shall report to impound immediately following the completion of their race. For Sunday Races: The top three competitors in each class shall report to impound immediately following completion of their race or victory lap.

VICTORY LAPS: Winners of all races will receive a checkered flag. For Sunday races only, following the cool down lap, the winner of each class should proceed immediately to pit out where they will receive a checkered flag and be directed on course for a single Victory Lap. Drivers need not wear their helmet or gloves during the victory lap and passengers are permitted in accordance with GCR 6.11.7. Drivers shall maintain a safe speed and be wary of safety vehicles which may be on course.

GRID: Starting positions for the Saturday race will be determined by the fastest time recorded for each car during the preceding qualifying session. Starting positions for the Sunday race will be determined by the fastest time recorded for each car during each of the preceding qualifying sessions and their fastest lap during the Saturday race. If qualifying is not run for a group for any reason, the Race Director shall determine the method of setting the grid for the race. The fastest qualifier in a race group who selects the "outside pole" (per GCR) must notify the Grid Marshal at the front of the field before the five minute warning is given for that race group. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the pace lap.

START/FINISH: During Practice/Warm-Up sessions, competitors will receive the checkered flag at Corner 6 and pit immediately. The race will begin and end at the stripe in front of Timing and Scoring.

SPLIT STARTS: Are at the discretion of the Race Director who must receive a request within 30 minutes after posting the final grid.

TIMED SESSIONS: Depending upon the circumstances, the Race Director may direct that the clock will continue to run during a black flag all in a timed session.

RACE LENGTH: Saturday races will be 20-minute timed races. Sunday races will be 24 laps or 35 minutes, whichever occurs first.

RADIO FREQUENCIES: The radio frequencies below are reserved for race operations and may not be used by competitors. Race officials may designate other frequencies for race administration.

452.700	457.700	461.150	461.325	462.200	463.700	464.075
461.175	463.225	464.525	466.175	468.225	469.525	

SOUND CONTROL: Noise pollution: the maximum sound reading allowed by local ordinance is 102dB. During the race, if your car exceeds three readings in excess of 102dB, you will be black flagged, and moved to last finishing position with a loss of event points. For your information, sound readings will be posted at the Driver Information Center in the Pavilion. No race car or engine with open exhaust may be run before 8:00AM or after 6:00PM on weekend days or after 4:30PM Friday night.

DISABLED CARS: Disabled or damaged cars may be removed from the course and delivered to a central location. If the car has sustained body/chassis damage it will be released to the driver/crew after tech has made appropriate notations in the vehicle log book. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending on the availability of wreckers or flat tows.

CLOTHING: Proper credentials, closed toed shoes, and shirts with sleeves are required in pit lane, false grid and on the grid.

PIT LANE: Cars entering the track from the pits must remain to the right of blend line until the end of that line at turn one. As the pit lane is narrow, please stop as far to the right as possible for the safety of crew and pit lane personnel. All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is permitted after the apex of corner one.

Four crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane and only two (2) crew members are allowed over the wall for signaling purposes. No crew members are allowed at the pit wall during starts and restarts.

Please do not put any equipment in the pit lane, including at the pit wall, +/- 10 feet of start/finish, as this may interfere with timing and scoring electronics.

PACE / SAFETY CAR: In addition to GCR 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full-course yellow results in dispatch of the safety car, the safety car will enter the racing surface past the tower.

RESULTS: Live timing will be available during the event. Qualifying, provisional, and final results will be posted at the Drivers Information Center in the Pavilion.

AWARDS: Trophies for all races will be awarded in accordance with the GCR. Trophies will be presented at the event. Majors' points will be awarded in accordance with the GCR. Sunday's race will be a points race for the CENDIV Champ Series. CENDIV series stickers must be displayed on cars. Stickers will be available at Tech.

DATA ACQUISITION: Majors staff and their delegates may install data acquisition equipment in a competitor's car. This program is to assist the CRB in performance balancing. If selected, participation is not optional and is not protestable. The data collected will not be used for compliance purposes.

SOCIAL EVENT: There will be a worker/competitor party with a meal at the conclusion of activities on Saturday.

PADDOCK: No Parallel Parking allowed without prior approval. The apron along the main access road is available to racers to use at their discretion as long as they are considerate of fellow competitors and behind the line. Trailers, and campsites including motorhomes and lawn chairs, must be completely on

the grass. The main access road must remain open for emergency vehicles and two-way traffic. Failure to follow the direction of the Paddock Marshal or her/his designate regarding paddock parking or activities may result in expulsion from the facilities.

WELCOMING ENVIROMENT: *The Central Division SCCA, Blackhawk Valley and Milwaukee regions aim to provide an inclusive, welcoming environment for all participants. To that end, behaviors such as the following will be considered egregious examples of GCR 2.1.7, "Acting in an unsportsmanlike manner", and will be penalized as such:*

1. *Discriminating against, disparaging or verbally abusing a participant because of their gender identity, ethnicity, marital status, sexual orientation, religion, age, or disability.*
2. *Harassing, intimidating, threatening or bullying any participant.*
3. *Doing any of the above outside the confines of an event, or in print or electronic media, in a way that affects that person's participation at an event.*

TIRE SERVICE: Hoosier Tire Midwest, 574-936-8344, email hoosiertireply@aol.com Preorders are appreciated 1-2 weeks in advance.

GENERAL RULES:

- A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker), must report directly to impound in the racecar, and report to the steward.
- All on track body contact (including contact during drafting) that causes a car to act erratically and results in a change of position or a car leaving the course will be investigated.
- Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal/disposal of hazardous waste or used tires will be assessed to the responsible driver.
- The use of Unmanned Aircraft Systems (UAS), better known as drones, must be approved prior to the event by the division Executive Steward, host region Regional Executive, and track management. Proof of insurance must be presented prior to approval.
