# IT'S TIME TO MAKE HISTORY.

OUR FULL-DAY M INTENSIVE LETS YOU EXPERIENCE INDY THE WAY IT WAS MEANT TO BE; FROM BEHIND THE WHEEL.

The Indianapolis Motor Speedway is one of the most famous tracks in the country, and now you can experience it from behind the wheel of a BMW M car.

We're offering an exclusive BMW CCA Full-Day M Intensive at Indy event that will let you push a BMW M car to its limits on this historic track. Experience full driving laps of the Indianapolis Motor Speedway, timed autocross, lead/follow and skid pad driving exercises, all with pro instructors leading the way and helping you build your skills and achieve real speed.

This amazing experience comes with something even more special: a thrilling hot lap in an M4 GT4, driven by one of our pro instructors. You'll strap into a true BMW racecar, equipped with racing slicks and a roll cage, and see just how fast the pros can push it. It'll be a drive you won't soon forget.

Sessions are limited, so be sure to book your date quickly and save yourself a place in history.

Visit [BMWPerformanceCenter.com](https://www.BMWPerformanceCenter.com) for more information.
