

## **Tribute to Le Mans Enduro – 12:00 Driver's Meeting**

We will answer questions after we go through a few basic rules and procedures.

Reminder – all co-drivers need to sign the track waiver.

Have you turned in your team application to John Momeyer? If not, please do so immediately.

It is a long race – PLEASE don't try to win it in turn one on the first lap.

Reminder, we are posting Tribute live timing on Race Hero. We will have a large display by the paddock diner.

All

1. Each team must supply a volunteer to be a pit marshal. The marshal that you provide cannot be your pit marshal. They must work for a different team.
2. Pit lane is closed during full course yellow.
3. When entering the track STAY TO THE LEFT!
4. The pit lane speed limit is 35 MPH!
5. All drivers should report to the front of the Diner after the race to see if there were any issues and to get the race results. We need a little time to check with timing and scoring to get final results.

Relay Teams

1. Each driver/car must be on the track for a minimum of 45 minutes.
2. After a stint is complete, drivers exit the track into the hot pits, turn left at the break in the wall and immediately stop. Once at the stop location, the holding (penalty) time will begin. The team's pit marshal will then go to the next car in the relay group and give them a go when the holding (penalty) time has expired.

You must report incidents of contact (report to a competition committee member in impound) and if you don't report it that means a 13/13. All drivers must report to impound after the race.

The race starts at 2:00
