Cost is approximately \$1,500 for a couple for the three nights depending on AAA discount and National Park Pass. The train going up on Friday is pulled by a diesel electric engine but the train on the return Saturday will be pulled by a steam engine. Space is very limited and Steam Saturday always has a big draw. To learn more visit <https://www.thetrain.com> ... For more information - Contact Ed Koharik - boardmember4@pcasar.org
