IX. QUALIFYING & RACES

Weaving, scrubbing tires and/or impeding the progress of other drivers under green flag conditions is considered blocking and is subject to penalty. 4. In the case of a long delay and where the time limit has expired, the Chief Steward may add time to the session or convert to laps to allow at least green, white, checker to complete the race.
5. Clock stoppages will be at the discretion of the Chief Steward and are NON-PROTESTABLE.

D. FCY PROCEDURE: Upon display of Full Course Yellow flags and as soon as practical, the race leader **MUST** slow the field to the speed the Pace Car drove at lights out on the initial pace lap. Trailing cars must pack up behind the leader, using caution that cars ahead may be at a slower pace.

E. POST-RACE PROCEDURES: The top three competitors in each class shall report to impound immediately following the completion of their race. Saturday's trophies are awarded at a public presentation in the event tent after the cars from the last race are released from Impound while Sunday's trophies are awarded by Tech personnel and not an official ceremony.

1. Each car must be fitted with a working MyLaps (formerly AMB)-compatible timing transponder for the entire event, and the transponder must be working for all on-track sessions.
