

SPECIAL EVENT

PERFORMANCE DRIVING SCHOOL '24

Unlock your performance driving potential.

Transform your driving with extensive seat time alongside our top instructors. Through personalized assessment, instruction, coaching, and demonstrations, each student will build their performance driving toolbox and elevate their skillsets to the next level.

Created by local and national autocross champions, our proven curriculum has been honed over decades of experience. Our instructors tailor the experience for each student, ensuring successful steps to the next checkpoint. Whether you're a rookie entering grassroots motorsport for the first time or a veteran seeking to shave off those last few tenths, there's no better way to unlock and evolve your performance driving potential!

What We Teach

Our curriculum encompasses a variety of performance driving concepts and theories, including:

- Tire Dynamics • Grip & Weight Transfer • Course Analysis & the Racing Line
- Fundamental & Advanced Car Control Techniques • Vision
- The Mental Game

Additionally, we offer a Classroom Session that sets the stage, discussing theory, approach, and application all through a rich graphic presentation.

School Preparation Notes

Autocross demands FULL mental engagement, so staying hydrated is a top priority. Bring lots of water or sports drinks to keep you physically and mentally sharp for the big day on track. Ensure you're well-rested and prepare for the weather with sunscreen and wind/rain protection. Remove personal belongings from your car for safety; bring a bag or bin for them if needed.

Ensure your car is in good condition with at least two-thirds of a tank of fuel. Instructors will drive your car at times to demonstrate techniques, but rest assured, the only obstacles are cones.

A light lunch will be provided (Quiznos). If you have dietary restrictions or allergies, please bring your own lunch.
