

With Covid-19 Safety Measures

WINDY CITY BMW High Performance Driving Experience August 29 & 30, 2020 Putnam Park Road Course The 2020 HPDE Season is sponsored by BMW of Schererville, Clearwater Capital Partners and Underground Autosports.

Dear Driver, Thank you for registering for the Windy City BMW Club Putnam Park Road Course High Performance Driving Experience (HPDE). Your driving committee has been keeping current with the requirements imposed on gatherings by governmental groups and BMW CCA. The following document includes changes we have made to our HPDE Program for personal safety against the Covid-19 virus. Requirements may need to be added or deleted as we get closer to August 29th and we will notify participants ASAP of any changes affecting our Safety or our Fun.

There will be a Solo run group. Solo run group participants are highly experienced HPDE participants. Eligibility for this run group will be decided by the Driving Events Committee. The Solo run group will run in their own group and be allowed to run with the instructor group.

If two Red or Yellow drivers want to share one car and will split their driving within a single run group, one driver should register for the event to confirm pricing and the other driver must notify a committee member at HPDE@windycitybmw.com so we will know of the arrangement. (Note that Lockton track insurance allows for multiple drivers.)

Refund Policy: If you are unable to attend, notify us as soon as possible. Withdrawals prior to August 14th will receive a 90% refund. Between August 15th and August 21st, a 75% refund. After August 21st, a 75% refund ONLY if we can fill your place. Please call Randy Everson (847-274-7129) ASAP and let him know if you are not coming, no matter what date it is. Another driver might be able to attend. If the event is cancelled because of Covid-19 concerns all participant payments will be refunded.

Car: It must be in the car you registered in and must be quiet. If you have a change in cars after registering, notify Randy Everson.

Insurance Issues: Please be aware that most insurance companies are adding waivers to their policies that specifically suspend comprehensive coverage for your vehicle if it is used on any closed (i.e. not public) roads. You may or may not want to consult your insurance agent. BMW CCA works through Lockton Affinity to offer coverage for cars at driving events. See the included letter and the link below for more information. <http://hpdeins.locktonaffinity.com>

Note that Marijuana products are illegal in Indiana. Please don't bring any.

Technical Inspection: The form is attached. You must present the signed/certified tech inspection sheet at registration on the day of the event. You must sign the form as participant. Your car must pass inspection before coming to the event. There will be NO onsite inspections. There will be NO Chapter pre-tech event. Your vehicle's status is also subject to review by your instructor and the event Tech Steward if questionable conditions are noted. No refunds are given if unsafe vehicles are brought to the event. The technical inspection is for your safety and the safety of others on the track with you. As this is a BMW CCA national requirement THERE ARE NO EXCEPTIONS TO THIS RULE.

Brakes: It is highly recommended that all cars start with fresh brake fluid and newish pads. You are recommended to bring one extra set of pads per driver. It wouldn't hurt to have a new quart of brake fluid with you.

Helmet: Must be Snell or SFI 2010 or newer. Please bring your helmet to the track registration to get the helmet teched if you don't already have a yellow or green Windy City BMW inspection sticker from a prior event. Due to limitations necessary you must bring your own helmet. Loaners will NOT be available.

We are planning to make registration available Friday evening—details will be coming. Registration at the track will be available Saturday AM (and Sunday for any Sunday-only Advanced drivers) from 7:00 AM till 7:30 AM. At the front gate you must sign the Putnam liability waiver. At the front gate or at Registration you will sign the one for Windy City BMW which signs away your rights and get your wristband. A copy of our waiver is enclosed, please review it. You must go to the club registration area at Garage 1 to complete registration and receive your participant packet. After registering, unload your car and affix your participant number to the windshield. Drivers Meetings will begin at 8:00 on Saturday and Sunday at pit-out near the Tower building. This is the most important safety meeting of the day and is MANDATORY for everyone.

Parking at Putnam: parking is on the large gravel and grassed areas north and west of the garages. Twenty garages are available for rent on a first-come-first-served basis.

Technical Workshops: Your first scheduled Workshop is mandatory for all groups. This is a BMW CCA national requirement. The classroom location will be described in the morning Safety Meeting. ➤ To get more information about high performance driving techniques, you can print a driver's manual from the web at: https://windycitybmw.org/wp-content/uploads/Driving_Schools/DrivingSchoolManual.pdf Please carefully study the driver's manual before the event.

If you have attended one of the club's previous events, we suggest that you review the manual.

INSURANCE REGULATIONS:

- Racing will NOT be tolerated. ANYONE ENGAGED IN RACING WILL BE EXPELLED, NO EXCEPTIONS, NO REFUNDS.
- No passengers will be allowed on track.

HPDE Etiquette: Use a 2' x 2' x 1/2" piece of wood to prevent damage to the pavement surface if you plan to jack up a car. Always have a container to drain fluids into, and never drain directly onto the pavement. At day's end, always take a second look at the area you used for parking and be sure it looks like it did when you arrived, no garbage, no car parts, no fluids or holes in the surface. Always use chocks/ jack stands to stabilize your vehicle when working on/under it. You are responsible for all damage that you cause to the pavement.

Track Touring: During most of the lunch break, both days, there will be track touring. This is just touring, and no helmets are required. Maximum speed is 50 and there is no passing

Car Review: At home before the event, go through your car and empty out unnecessary items from the trunk and passenger compartment. At the track, unload your car trunk, interior, etc. before the drivers meeting. There should be no loose items in the interior or in the trunk (don't forget to remove loose objects from under the seat). Glove boxes should be emptied as well as CD player, loose cell phone, I-Pass, etc. Remove floor mats and center caps/wheel covers. Tape over any glass head lights and fog lights. (If you drive a car which has Lexan headlight covers, you do not have to tape the covers).

Weather: Who knows about the weather? Please come prepared for the worst. Try to pack your things (rain gear, clothes, spare parts, etc.) in waterproof containers (like Rubbermaid Roughnecks) or bring a tarp or big plastic bags because your car will be unpacked in whatever the weather. OR, rent a garage!

Laps on track - Yellow and red group drivers will have a lead follow instructor assigned.

Gasoline & Air: Air and fuel are available at the track (expensive) or 5 miles away at normal pump prices.

Concession Stand: The concession stand will be open each day for lunch or you can go off-site. Your schedule has rest periods to allow time for you to eat.

Paddock: The paddock (parking) area has no shade. Bring skin protection and a canopy, if you have one.

Medical Information: Please print, complete and bring the attached BMW CCA required MANDATORY Medical Form to registration in a sealed envelope with your name printed on the outside. The form will provide emergency information to the staff EMTs only if needed.

RELAX AND ENJOY. Windy City BMW has a lot of experience putting on high performance driving experiences. If you have any questions, please feel free to call one of the committee members. We are looking forward to seeing you at Putnam Park on August 29 and 30.

THIS IS A NON-TIMED/SPEED EVENT.

From the BMW CCA Website-HPDE insurance program

Are you insured on track? Now you can be!

Good news for track rats: The BMW Car Club of America has announced a partnership with Lockton Risk Services to provide a high-performance driving event insurance program, delivering affordable insurance to the many BMW CCA enthusiasts involved in performance driving events. The HPDE Insurance Program provides an *à la carte*, single-event policy designed to provide affordable physical-damage coverage to vehicles used in BMW CCA high-performance driving HPDEs at racetracks across the United States.

“Our performance driving members have expressed concern about exclusions that they are seeing in standard auto policies,” said Frank Patek, executive director of BMW CCA. “Our driving-enthusiast members have noticed a trend over the past few years: new exclusions being added to their auto policies at renewal time. Many insurers eliminate coverage while policyholders drive at race-track facilities. We needed a solution to protect our members involved in our driving HPDEs.”

That’s where Lockton Affinity comes in. “Car enthusiasts have been asking for an affordable means of insuring their vehicles at driving HPDEs for years,” says Lockton Affinity’s Ryan Staub, who is also Chief Instructor for the Kansas City Chapter of BMW CCA. “Due to the growing need for a program like this—and BMW CCA’s excellent safety record at performance-driving events—we were able to obtain approval to offer coverage at a discounted rate to BMW CCA participants attending BMW CCA events. The discount is already ‘live’ on our website. BMW CCA members just select a BMW CCA event they want coverage for, and the discount is automatically applied.”

The BMW CCA-endorsed HPDE Insurance Program, administered by Lockton Risk Services, offers an agreed value insurance policy providing primary coverage for incidents in the paddock or on the racing surface, whether the vehicle is being driven by the primary driver, co-driver, or instructor. In addition, after-market modifications made to vehicles are also covered, and any HPDE-related claims will not affect a participant’s street insurance rates or claims history. As for affordability, you can purchase physical-damage coverage on a vehicle valued at \$20,000 for as little as \$113. HPDE Insurance Program policies are sold online and can be obtained in as little as five or ten minutes; for participants registering for events through MotorsportReg.com, coverage can be obtained by the link provided during the registration process to the HPDE Insurance Program site for that particular event.

“We’ve been listening to our members’ concerns,” says Patek, “and we’ve responded with a membership benefit that will help chapters maintain HPDE participation and assist our individual members with a solution.”

FLAGS

Every flag has a very specific instruction that must be followed by all drivers.

Green Flag: When first shown at the start-finish line, it indicates a clear track.

Yellow Flag – Motionless: Be prepared to slow down. There is a dangerous condition on the course. The driver approaching the yellow flag is NOT TO PASS until he is past the next manned station without a yellow flag.

Yellow Flag - Waving: Slow Down and be prepared to Stop. There is a serious or hazardous condition on the track directly in front of you. The NO PASSING rule is in effect.

Yellow with Vertical Red Stripes: This is a surface condition flag. Take Care. Oil has been spilled or a slippery condition exists, or debris is present on the track. This flag is displayed standing. The flag will be displayed for 3 laps and then not shown. This does not mean the surface has improved, the driver must stay vigilant to surface conditions.

Red Flag: Upon first seeing the RED FLAG, you MUST STOP in safe and controlled manner and pull to the edge of the pavement at the next manned corner worker station. Wait for further instructions from the manned corner worker station.

Blue Flag with Yellow Stripe: Check your mirrors as another driver is approaching for a possible pass.

White Flag: There is an emergency vehicle or slow-moving car on the track.

Black Flag: The driver receiving the black flag is to complete the lap he is on and proceed to the grid for discussion of an infraction (possible mechanical problem or other reason).

Checkered Flag: The session is over. It does not mean brake. Continue your lap cautiously (cool down).

This is a non-timed/speed event.
