Chicago Region Triple Crown® Award

The winners of the Triple Crown® have accomplished a season of winning performances, including winning the Chicago Region SCCA June Sprints® at Road America, the class championship in his or her home division or a Majors Conference, and the annual SCCA National Championship Runoffs® to become a Triple Crown® champion.

The coveted award was formally established in 2001 and has always been part of the awards presented at the SCCA National Championship Runoffs®.

The Triple Crown® has been a coveted goal of the best racers for eighteen years. There have been fifty winners over that period and only eight multiple winners, with Michael Varacins, Brad Stout, Niki Coello, and Scott Rettich winning three times. Darryl Wills, Hans Peter, Lawrence Loshak, Andy McDermid, and Michael Varacins have won twice. In 2008 and 2009 there were eight winners, the most in one year. In 2013, Lawrence Loshak became the first person to win the Triple Crown in two classes in the same year.

This elusive and exclusive award, one of the most difficult to attain in racing, was not awarded in 2014 or 2015 as no driver was able to meet the criteria.

With many divisions of the SCCA no longer awarding Divisional Championships, the Chicago Region has found it necessary to update the requirements for obtaining this coveted award. The revised criteria are:

- ◇ Win the 2018 June Sprints in your class
- ◇ Win your division (per your divisional rules), or a Majors conference championship, or be the National points leader in your class
- ◇ Win the Runoffs

Will your name be added to this prestigious list of winners?

SUPPLEMENTARY REGULATIONS

This event is governed by the 2018 General Competition Rules (GCR) and Category Specifications, as amended for 2018 per "FasTrack".

REGISTRATION: Drivers may register online at either msreg.com/junesprints2018 or motorsportreg.com. Drivers without internet access may request a paper entry form and mail it with their entry fees to the Chief Registrar. Any check not processed by your bank will result in an incomplete entry to be resolved between the Chief Registrar or Club Office and the Driver or Entrant. Do not mail entries by any method that requires a signature for delivery. Phone / fax entries will not be accepted.

Please complete the entire entry form. Complete the Reserved Parking form to request a parking space. The biographical information is optional, but please complete it for the announcers. If you do not register on-line and mail the forms with your check to the Chief Registrar, please include your parking and race entry fees in the same check. Do not send a separate check for parking. For the 2018 Chicago Region June Sprints competitor motor home camping in your paddock space is included in the parking fee. All parking questions should be directed to the Parking Coordinator.

Sue Green, Chief Registrar

ENTRY FEES: The entry fee for the three-day weekend is \$595. Each SRF3, FE, FE2 and SM entry will be charged an additional \$20.00 compliance fee for the event.

FREE ENTRY GIVEAWAY: A free entry will be awarded to one driver registering for the event 14 days prior to the weekend. Driver name will be drawn at the event party.

ENTRY FEE PAYMENT: Credit card payment is only available to those drivers who enter online. Those who complete entry online may either supply a credit card number at that time or they may pay when they register at the track by check / money order or credit card. All online entries for which the payment is not received by 11:59PM June 7, 2018 will be charged a \$50 late fee, and there may be a delay in processing the registrations at

the track. Drivers submitting paper entries, or who enter at the track may pay with a credit card, check or money order.

PASSES: Each entry receives credentials for the driver plus up to four crew members. Additional passes (overcrew) may be purchased at registration for \$30 each. The \$30 overcrew fee is paid directly by the Chicago Region to Road America, per agreement with the track, because this is a spectator event. Minors 16 years and younger will be issued guest passes at no charge. Workers, guests, and crew must sign for their own passes and must arrive during posted registration hours. SCCA members, crew and guests who arrive outside of posted hours must purchase a spectator pass to gain admission.

DRIVER ELIGIBILITY: To participate, a driver must be a current member of the SCCA with a current SCCA Full Competition, or SCCA Pro license. If you do not have the proper license or if you are unsure, it is your responsibility to contact the Chief Registrar prior to the event.

SPEC MIATA COMPLIANCE: At post-race inspection, Spec Miata participants may be instructed by the designated Class Compliance Chief (CCC) to remove parts, including but not limited to the cylinder head, for disassembly and/or inspection. Competitors are responsible for performing required disassembly and/or reassembly of their car, as well as any resulting expenses incurred. The CCC will report any findings of non-compliance to the Race Director, who will then determine the need for a Chief Steward's Action (CSA) or Request for Action (RFA).

CAR ELIGIBILITY: Competition is open to all cars conforming to the GCR, as amended. Each car in each class is required during each of its on-track sessions to have a properly mounted and functional AMB TRANX 260 transponder or MyLaps X2 transponder. The transponder must be on and functioning for all sessions. Transponder times are the official times for all competition vehicles. The driver is responsible for providing correct information to Timing and Scoring. Please submit all corrections to name, sponsor info, Etc. for grids and results within 30 minutes of the conclusion of the second qualifying for your group to T&S. All cars are required to display Hoosier SCCA Super Tour and US Majors Tour stickers visibly placed on each side of the vehicle. Stickers are provided free of charge and are available at registration and/or tech.

CAR NUMBERS: For entries received by the registrar through noon on June 1, 2018, Majors Series numbers that were reserved via the Majors Series Registration prior to the opening of online registration for this event will receive priority assignment. Secondary preference will be given to 2018 CenDiv reserved number holders. Because of the combination of classes within the run groups, it may not be possible to honor reserved numbers, but every effort will be made to accommodate number requests. At noon on June 1, 2018, all unused reserved numbers will be available on a first-come, first-served basis.

TECH: A driver with a valid 2018 helmet sticker and no logbook entries may present only their vehicle logbook and completed tech card to receive their tech sticker. A driver whose helmet has not been issued a current year sticker must present all driver gear (as listed in the GCR), with the vehicle logbook, and the completed tech card at tech. Any car requiring an annual tech must be presented at tech, which will be located in the Hagerty Tech Center.

SCALES: Tech scale hours are Friday 8:00AM – 12:20PM and 1:05PM-5:35PM, Saturday 8:00AM – 11:25AM and on Sunday 7:45AM – 8:30AM. Scales may be available for other participants during race impound, but priority will be given to impounded cars. Scales may be made available at other times at the discretion of the Chief of Tech.

EVENT SCHEDULE / RUN GROUPS: The event schedule or run groups may only be changed by the Race Director, with agreement of the Event Chair, depending on pre-race entry counts or as needed to accommodate event circumstances. If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track. Actual session start times may deviate from the published schedule based on event circumstances. Please listen to the PA system and pay attention to what is happening on track.

SPLIT STARTS: Split starts from any group that does not have one indicated in the schedule must be initially requested at, or prior to, the drivers meeting, for open discussion. They are at the discretion of the Chief Steward and Race Director, and the final decision may not be made until after posting the final grid for the group.

TIMED SESSIONS: For practice, qualifying, and warm-ups, the clock will start when the first car crosses the pit lane timing line. During a black flag all or red flag, the clock may or may not stop. The field will be notified on pit lane as to time remaining.

RACE LENGTH: Races for Saturday are 25 minutes. Races on Sunday will be 13 laps, except for group 7 (GT1 / GT2 / GT3 / T1 / AS), which will be 15 laps. For races restarted after halfway, the Operating Steward may eliminate the clock and declare a fixed number of laps for the remainder of the race, not to exceed the originally scheduled race distance. Drivers will be notified of this by pit officials prior to being dispatched on track for the restart.

DRIVERS MEETING: Impound all will be given at the end of the first qualifying sessions for each group to have a mandatory drivers meeting at impound. Impound will be in the Tech area near the Hagerty Tech Center. Hoosier SuperTour giveaways will occur at the meeting. Winner must be present.

QUALIFYING: Drivers must qualify within 115% of their class lap record to start the race. The Race Director may waive this requirement and may allow non-qualifiers to grid behind qualifiers. See below:

Class	115%	Class	115%	Class	115%
AS	2:49.334	FM	2:34.942	SM	3:07.384

FE2	Not Applicable	P1	2:20.270		
FF	2:42.193	P2	2:29.478		

GRID: Grid position for Qualifying 1 will be based on entry order. Grid position for Qualifying 2 will be based on the results of Qualifying 1.

Starting positions for Saturday's races will be determined by the fastest time recorded from the two combined qualifying sessions per group. Starting positions for Sunday's races will be determined by the fastest time recorded from the two combined qualifying sessions and the Saturday race per group. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the operating steward, be held at pit out and released at the end of the pack after the field has completed the pace lap. If qualifying is not run for a group for any reason, the Race Director shall determine the method of setting the grid for the race. Grid for the first qualifying session for each race group will be based on entry order. Grid for the second qualifying session for each group will be based on the first qualifying session. For both qualifying's, drivers and cars not in line to be gridded at the 5-minute signal may forfeit their grid position.

VICTORY LAPS: Winners of all races will receive a checkered flag. For the Sunday races, following the cool down lap, the winner of each class should proceed immediately to pit out where he will receive a checkered flag and be directed on course for a single Victory Lap. Passengers are permitted in accordance with GCR 6.11.7. Drivers and passengers in open cockpit cars must be wearing helmets. Drivers shall maintain a safe speed and be wary of any safety vehicles on course.

IMPOUND: The top three competitors in each class must report to impound immediately following the completion of their cool-down lap or victory lap. All other competitors are strongly encouraged to attend the podium festivities following their race. After any session additional cars may be directed to report to impound at the discretion of the Race Director. Trophy presentations and photos will occur in the Victory Circle area.

BLACK FLAG: Vehicles which are leaking/spilling fluids, including fuel, may be black flagged from any session.

START/FINISH: The race will begin and end at the stripe in front of Timing and Scoring.

RADIO FREQUENCIES: The following radio frequencies are reserved for race operations and may not be used by any competitors. These frequencies may be monitored but shall not be used for communication by any participant. Race Officials reserve the right to designate other frequencies for race administration.

452.700	457.700	461.150	461.325	462.200	463.700	464.075
461.175	463.225	464.525	466.175	468.225	469.525	

NOISE POLLUTION: The maximum sound reading allowed by local ordinance is 103dB. During each qualifying session, if your car exceeds three readings in excess of 103dB, you will be black flagged, and will lose your times from that session. During the race, if your car exceeds three readings in excess of 103dB, you will be black flagged, and moved to last finishing position with a loss of event points. For your information, sound readings will be posted at driver information (by the gas pumps).

PACE/SAFETY CAR: In addition to GCR 6.6.2., the field shall follow the PACE/SAFETY car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out.

INSURANCE: Participant insurance will be provided in at least the minimum amounts required by the SCCA.

RESULTS: Live timing will be available during the event. Live timing, and segment timing, is neither official nor protestable. Unless otherwise announced, live timing will be available via the Race Monitor App available for iPhone and Android phones. Qualifying, provisional and final results will be posted at Driver Information by the gas pumps. Additionally, final results will be posted to junesprints.com and SCCA Majors websites no later than 7 days following the completion of the event.

AWARDS: Trophies for all races will be awarded according to, or exceeding, the GCR. Trophies must be picked up at driver information. No trophies will be mailed. Hoosier SCCA Super Tour points will be awarded for all races according to the GCR. CenDiv Divisional Championship Series points will be awarded per CenDiv rules.

CANCELLATION: If part of the event is cancelled for reasons of safety or for forces beyond our control as provided in GCR Appendix B 1.2.A, points will be awarded based on race grids.

UNMANNED AIRCRAFT SYSTEMS: The use of Unmanned Aircraft Systems (UAS), better known as drones, must be approved prior to the event by the division Executive Steward, host region Regional Executive, and track management. Proof of insurance must be presented prior to approval.

DATA ACQUISITION: Hoosier SCCA Super Tour staff and their delegates may install data acquisition equipment in a competitor's car. This program is to assist the CRB in performance balancing. If selected, participation is not optional and is not protestable. The data collected from the device will not be used for compliance purposes. All cars carrying an SCCA data collection device shall report to impound after their session. Questions? Contact the Race Data Technician, Glen Thielke, at techdata@scca.com or call (414) 313-4542.

WELCOMING ENVIRONMENT: The Central Division SCCA and its regions aim to provide an inclusive, welcoming environment for all participants. To that end, behaviors such as the following will be considered egregious examples of GCR 2.1.7, "Acting in an unsportsmanlike manner", and will be penalized as such:

1. Discriminating against, disparaging or verbally abusing a participant including track personnel because of their gender identity, ethnicity, marital status, sexual orientation, religion, age or disability;
2. Harassing, intimidating, threatening or bullying any participant;
3. Doing any of the above outside the confines of the event, or in print or electronic media, in a way that affects that person's participation at the event.

SOCIAL EVENT: There will be a Worker / Competitor dinner party at the conclusion of activities on Saturday

PADDOCK: Parking regulations are incorporated in these regulations by reference. Failure to follow the direction of the paddock marshal or his designate regarding paddock parking or activities may result in expulsion from the facilities.

GENERAL RULES:

All cars will exit the hot pits only at pit out. Those going to impound proceed to the second paddock road, turn right and head north to impound. Drivers going to winners circle follow the directions of the pit / paddock marshals.

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.

The fastest qualifier in a race group who selects the "outside pole" (per GCR), must notify the Grid Marshal at the front of the field **before** the 5 minute signal is given for his race group.

Four crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. No crew members are allowed at the pit wall during starts and restarts.

Proper credentials, closed toe shoes, and shirts with sleeves are required in pit lane, false grid, and on the grid.

Cars entering the track from the pits must remain to the right of the blend line until the end of that line at turn one.

All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is not allowed at any time in the pit lane and in the transit lane. Tire scrubbing is permitted after the apex of corner one.

Only pit stalls south of start/finish are open for competitor / team use.

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car / driver up to that point will be removed.

A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker) must report directly to impound in the racecar, and report to the Steward.

All body contact, including contact during drafting, which causes a car to act erratically and result in a change of position or a car leaving the course, will be investigated.

Road America has installed lights at several corner stations. Full details as to location and usage will be available at registration and distributed in advance of the event.

There may be an electronic number board drivers left at corner 14 which will supplement the number board shown at the black flag station, drivers right at corner 14.

Double yellow flags will not be displayed at corner 15 on starts and restarts.

During Practice / Warm-Up Sessions, competitors will receive the checkered flag at Corner 14 and pit immediately.

Under a Checkered Flag or Black Flag ALL, if an EXIT sign is displayed at turn five, all cars must exit the course and follow the direction of officials at the paddock crossover.

To facilitate timely movement of the next race group onto the track, cars entering the pits following the checkered flag may be stopped before center pit to allow the next group to exit the grid.

All crew members signing under a prep shop list must be an SCCA member. Weekend memberships are available for purchase if needed.

Package Delivery:

Deliver all packages to:

Road America
c/o (Driver or Team Name)
N7390 Hwy 67
Plymouth, WI 53073

Packages MUST include name of recipient or team name, or delivery will be refused. All freight deliveries will be delivered to the building labeled "Shipping and Receiving". There is a \$5 fee for packages delivered to the track, and a \$50 fee for use of track equipment. No COD packages will be accepted. Packages not picked up will be returned COD only if requested by a competitor and a credit card is provided for handling.

Attached are the Road America Track rules. They are considered part of these supplementary regulations, and are enforceable as such. Special June Sprints amendments to these rules:

- i. On track hours will be per schedule and/or adjusted as needed for race operations
- ii. No race engines may be run past 15 minutes after the last checkered flag of each day or the time published in the track rules, whichever is later. However, unless directed otherwise, a competitor whose car is released from impound or SOMs after that point may restart the engine and drive directly to the paddock (unless otherwise directed), and shut off the engine for the day.
- iii. The first race group of each day may start their engines in the paddock at 7:30 AM
- iv. All competitors must vacate the premises by 7:00 PM Sunday. Unless directed otherwise, anyone involved in a tech or SOM action that will require remaining beyond 7:00 PM on Sunday must move your tow vehicle to the main paddock directly west of the tunnel prior to that time. Check with the Chief of Tech (if a tech action) or the Chairman SOM (if a SOM action) prior to moving your tow vehicle.

Revised 1/15/17

2016 Road America Pit Vehicle Registration and Agreement

As part of our insurance requirements for 2016, Road America requires that all pit and other unlicensed or off-road vehicles used for Race Support maintain a valid Road America "Pit Vehicle Sticker" displayed on the vehicle and a registration agreement on file (with proper fee paid) with the Road America office and security. If competitors wish to use licensed scooters in the paddock on public race weekends, those vehicles will also require a "Pit Vehicle Sticker". Again, these passes can be obtained after the proper paperwork is filled out and fee paid at the Administrative Office.

In consideration for being permitted to utilize and operate a motorized pit vehicle on the Road America premises at any 2016 season event or activity, the vehicle owner and/or competition entrant:

1. Acknowledges and agrees that the vehicle shall be operated in compliance with the vehicle manufacturer's operating instructions and/or industry standards including those regarding riding/driving position and number of passengers.
2. Hereby assumes full responsibility for and assumes the risk of bodily injury, death, or property damage arising out of or related to the use of said vehicles whether caused by the negligence of owner and/or their operators, Road America, other pit vehicle operators or otherwise.
3. Acknowledges and agrees that all operators of said vehicles shall be at least 16 years old, have a valid state required driving license, and carry a minimum of one million dollars general liability insurance applicable to the operation of their pit vehicles and that all operators shall provide such license, proof of insurance, and other applicable credentials upon request of Road America or an event official.
4. Hereby acknowledges that the use of motorized pit vehicles is dangerous and involves the risk of serious injury and/or death and/or property damage.
5. Agrees that the pit vehicle will be operated in a responsible manner and according to all additional Road America regulations and instructions, including but not limited to posted speed limits, designated roads and hours of and allowed locations for operations.
6. Acknowledges and agrees that pit vehicles are not allowed on the competition track surface, motorplex surface or hot pit lane at any time.
7. Acknowledges and agrees that pit vehicle operation/usage is for competitors and vendors only. Spectators are not allowed to operate pit vehicles at any time for any reason.
8. Acknowledges and agrees that unsafe or improper operation of the pit vehicles and/or any violation of regulations and instructions may, at the sole discretion of Road America, result in penalties against the owner and/or operators including but not limited to immediate impoundment of the pit vehicle, removal from premises, loss of racing privileges for the event for a first offense, and for the season for the second offense.
