

What is BrezelCross?

- The BrezelCross course is laid out under Autocross rules using both the outer oval and the inner karting/drift area at the Motorplex at the Mill in Emmett, Idaho
- The course is designed with fewer cones than a traditional autocross – easy to learn!
- Lunch is included in your registration fee

How do I get started?

- Register for the Event ! (Easy-peasy, we register using www.Motorsportsreg.com)
- Borrow or buy a helmet. Winding Road Racing offers a nice PCA member discount. Loaner helmets will be at the event.
- Prepare your car – remove loose items, inflate your tires to normal pressure, arrive with a tank of gas and a willingness to learn.
- Arrive early enough to sign-in and walk the course with the group.
- Drive your first lap at 50% or less – learn the course first, then go faster
- Ask for an Instructor! We have coaching for novices (and everyone else who wants one!)

BrezelCross is Autocross with a Twist!
