TECHNICAL INSPECTION

It is imperative that you have a track ready and safe car to drive at our event. Driving a car that is not ready puts you and others at risk of injury or death. We ask that you thoroughly inspect your car for at least the following items and ensure all items are ready to go. **Check all items that are in compliance.**

Brakes		Engine	
Brake pads at least 60% remaining		No fluid leaks	
Brake fluid level full as appropriate		Battery securely fastened	
Brakes have been bled as needed		Hoses in good condition	
No brake fluid leaks in system		All fluid levels OK	
Firm brake pedal action		All belts in good condition	
Brake lights working properly		All fluid levels checked	
Wheels and Tires		Interior	
All lug nuts present and properly torqued		Seats tight without any play	
Wheel center caps removed or tight		Seat belts working properly	
Tires free of damage and in good condition		Harness system installed properly if installed	
Safety		Steering	
SA 2000 Helmet or newer		No play in steering wheel	
All loose objects removed including floor mats		Proper alignment	
Windshield intact and free of damage		Power steering fluid full	
		All suspension components free of damage	

- A tech sticker will need to be attached on your windshield and is provided in the registration packet. Any car not having this sticker will not be permitted on the track. Numbers on your car are not required.

This form must be completed and all items marked as working properly. Cars with defects at tech inspection will not be permitted on the track until all defects are corrected.

I have inspected the above vehicle and agree to take full responsibility for its condition and readiness for the track. I also agree that any damage done to the track facilities by my car, used fire extinguisher, absorbents etc. will be my responsibility with payment made to 10/10 Motorsports, LLC. I fully understand that mechanical problems with my car fall under our normal refund policies. Breakdowns at the track DO NOT result in a registration refund of any amount.

10/10ths Motorsports, LLC reserves the right to deny any car access to the track if it is deemed unsafe. No registration refunds can be made available for these situations.
