Either a spare tire, or the factory equipped alternative.

Additional lights on the front should meet legal requirements as to type and mounting height, and must be wired to the high beam lights such that the additional lights turn off when switching to low beam. Fog lights may be wired independently.

All vehicles must be in compliance with all Provincial regulations for roadworthiness including the requirement for seat belts.

All vehicles will require a smart phone with the Richta Competitor App (<https://richtarally.com/>) loaded, & activated at the start with only the Competitor App running, and subsequently placed in the vehicle so that it always has a clear view of the sky.
