

HERS & HIRS AUTOCROSS SCHOOL

OVERVIEW

AUTOCROSS IS FOR EVERYONE.

Auto racing has long been a male-dominated sport, but times are changing. In an effort to break down barriers and promote inclusivity within the motorsport community, Winnipeg Autocross and the Winnipeg Sports Car Club are proud to present the Hers & Hirs Autocross School – a grassroots motorsport event created to empower women and other underrepresented people to explore their passion for auto racing in a supportive and inclusive environment.

THE OPPORTUNITY

The Hers & Hirs Autocross School provides a unique opportunity for people to feel at home while they enhance their skills and gain confidence behind the wheel at the track. We recognize that many individuals may have felt uncomfortable or unwelcome in traditional racing environments, which is why we have created this event to address these concerns head-on! By offering a safe and inclusive space, we hope to encourage more individuals to pursue their dreams or curiosities, and embrace the exhilaration of auto racing.

Participants of all skill levels are welcome, from beginners looking to learn the basics of autocross racing to experienced racers seeking to refine their techniques. The school will feature top-notch instructors who will provide comprehensive training on various aspects of racing, including car control, race line optimization, and advanced driving techniques in your own car. Through hands-on practice, participants will develop the skills necessary to navigate challenging courses with precision and finesse.

One of the key aspects of the Hers & Hirs Autocross School is its focus on empowerment and community support. We firmly believe that fostering a sense of camaraderie and providing a network of like-minded individuals is essential to the success of our participants. Throughout the event, participants will have the opportunity to connect with fellow racers, share experiences, and build relationships that extend beyond the track. By fostering a strong community of supportive and empowered women, we hope to create lasting change in the motorsports industry.

What if you don't currently have a car?! McPhillips Toyota will have TWO automatic loaner cars from their dealership to use for the school! Let us know if you'd like to use one of these seats so we can plan accordingly.

Lunch will be provided courtesy of Subway Restaurants (Alix Kravetsky & Michael Kowalson Franchisees)
