Sanction Nos. 21-TD-20429 and 21-R-20430

The Southeast Division and the Central Florida Region aims to provide an inclusive, welcoming environment for all participants. Further, we fully support and endorse the National SCCA Welcoming Environment Policy. To that end, behaviors such as the following will be considered egregious examples of GCR 2.1.7, "Acting in an unsportsmanlike manner", and may be penalized as such;

2. Harassing, intimidating, threatening or bullying any participant;
3. Doing any of the above outside the confines of the event, or in print or electronic media, in a way that affects that person's participation in an event.

The SCCA strives to ensure ALL participants at its events and activities enjoy a welcoming environment. The SCCA supports equality of opportunity and treatment for all participants and will make every effort to maintain an environment that is free of harassment, discrimination and any behavior that interferes with a safe, fun and exciting experience. The cars must conform to the safety requirements of the IT category as a minimum. The cars must use DOT tires. The distinction between R1 & R2 will be determined solely by engine displacement. R1 will be for cars 2.8 liters and larger. R2 will be for cars with displacement less than 2.8 liters. Eligibility of a car for R1 or R2 will be at the discretion of the organizers.

Improved Touring – EZ Regional Class: The purpose of IT-EZ is to create a regional class where cars built for ChampCar, or similar endurance racing series will have a place to race on an SCCA Regional race weekend. As opposed to any other class of SCCA road racing, IT-EZ competition is designed as a "fun run" class, with no regard to balance of performance, or classes within the series. Class distinctions within the various series will not be enforced. Drivers must meet driver requirements as listed above in the DRIVER ELIGIBILITY paragraph of these Supplementary Regulations. Waivers will not be considered or granted in areas regarding safety of vehicle or driver. Decision of officials with regard to safety elements are final and not protestable. GCR 9.3.6. IT-EZ vehicles may race with minor prior accident damage, as long as that prior damage does not create a danger to the driver of that vehicle, fellow competitors, or course marshals. Non-functional additions to vehicles, whose primary purpose is to express creativity or a theme, are not allowed. IT-EZ eligible vehicles must be a "mass produced," gas or diesel powered, four wheel passenger car. Cars must meet or exceed safety requirements of GCR Section 9 for IT cars. Minimum weight of 1800 pounds and a maximum weight of 3500 pounds with a production-based engine. Maximum engine displacement of 3.0 L. Valid vehicle logbooks from other series must be presented to Tech and SCCA issued logbooks will reflect meeting IT safety rules, and driver safety rules for competition. Eligibility of a vehicle for ITEZ will be at the discretion of the organizers. Points and/or trophies will not be awarded.

GTT Regional Class: GT Race vehicles, similar to GTA, but with truck appearing bodywork from the other racing series will compete under the CFR GTT Rules which can be found on the web at www.cfrscca.org. Cars not displaying the assigned number will not receive qualifying times. **IMPORTANT: IT IS CRITICAL** that the numbers on the left side of your car be large and clear enough to be read from a distance of approximately 100 yards. Cars with roofs, it would be very helpful if you have a roof number, facing drivers left. SEDiv permanent numbers will receive priority assignment when possible, depending on class groups, for entries received by the registrar by July 28, 2021.

CREDENTIALS: Proper credentials, closed toe shoes and shirts are required on pit lane, false grid and on the grid.

DAMAGES: Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires may be assessed to the responsible driver.

PACE/SAFETY CAR: In addition to GCR 6.6.2. The field shall follow the PACE / SAFETY CAR as long as its emergency lights are flashing, even if it varies from the normal race course.

SOUND CONTROL: Sound readings will be posted near TECH, if measured. Sound may be measured as a courtesy; track has waiver.

TIMING & SCORING: Each car is required during each of its on-track sessions to have a properly mounted and functioning AMB TRANX 260 or MyLaps X2 transponder. Transponder times are the official times for all competition vehicles and vehicles without a functioning transponder will not be timed.

SCALES: Will be available during the open hours of tech on Saturday and Sunday, and at other times at the discretion of the Chief of Tech.

COURSE: Daytona International Speedway is a 3.54-mile road course. All races will start and finish at the start line located in the Tri-Oval area; the Tri-Oval is defined as the section of the track from Speedway 4 to the Road Course turn 1. At the start of each race, through the completion of the first lap, or any restart, no vehicle shall drop any wheels below the yellow line in the tri-oval area. Decision of Start Judges will be final, and are non-protestable per the GCR. **Chicane on back stretch:** if you are unable to safely negotiate the turn into the chicane, you MUST bring your car to a complete stop before re-entering the course at the exit of the chicane and you MUST NOT gain an advantage on the vehicles in front of, or behind you, or a penalty may apply.

HARDSHIP LAPS: Hardship laps will be considered between run groups on Sunday, schedule and track condition permitting, Single lap out-in. Cars will be dispatched from the grid to pit lane.

PIT LANE: When exiting the track via pit lane, stay within the marked lane that starts at speedway 4, paralleling the apron until the turn off to pit lane. While traversing pit lane, keep to the far right (NASCAR Fast Lane). Pit lane speed limit is 40 mph, for all sessions. Failure to comply may result in penalty imposed by the Operating Stewards.

SPLIT STARTS: Split Starts are at the discretion of the *Chief Steward who must receive a request no later than July 24, 2021*, to be approved in advance.

LIGHTS ON BANKING: Flashing yellow lights are located at NASCAR Turns 1, 2, 3 & 4 and also at the Start stand. When illuminated, they have the same meaning as double yellow (full course) situation, or may indicate a black flag all. Due to the long distance after turn 7, pay attention approaching Start/Finish for flag condition. If a red flag needs to be displayed, lighting on the banking may not change, but the red flag ALWAYS has precedent over any other flag or light.

GARAGE SPACES: There are a limited number of garage spaces available and they may be selected on a first come, first served basis during the completion of online registration. The registrar maintains the right to re-assign garage selections to meet operational needs, or limit availability due to circumstances beyond CFR's control. Come prepared! Garages will not be assigned, or held, for drivers who are not registered for this event. CFR Paddock Marshals and CFR Officials will strictly enforce garage assignments.

Garage area parking is limited to select support vehicles only (at the discretion of the paddock marshal). **Crew/Driver/Guest street transportation vehicles and RV's are not permitted in the garage area. Unauthorized vehicles, parked in the garage area, will be towed from the garage area.** CFR assumes no responsibility for any damage that may result from the towing of unauthorized vehicles. By properly completing this form, the driver agrees he is waiving his finishing position and all points for the race. The results for the race will show that a waiver was filed. All drivers finishing in a lower position will be moved up. The driver will receive a credit for the race for license renewal purposes. The applicable SARRC rule is:

7.6: A driver may waive points for any SARRC race except the SIC. The driver must notify the Chief of Tech in writing and execute an impound waiver request prior to qualifying for the SARRC race. 1. This waiver must be completed by the driver prior to qualifying and signed by the Chief of Tech or designate.
2. Tech will file this waiver with the Chief Steward or his designate for approval. The Chief Steward will advise tech if the car is to report to post race impound and so note.
3. The Chief Steward will deliver this waiver to T & S and be responsible for ensuring that results properly reflect the waiver.
4. A copy of the waiver will be retained by T & S for later verification.
