- Helmet requirements can be found at <https://www.tracknightinamerica.com/pages/need-a-helmet>
- An SCCA membership is a requirement for the event. Weekend memberships are acceptable and may be purchased during Registration.

## Rules of the Track

- No passengers (except for Chief Instructor approved individuals)
- No overly aggressive driving.
- Because it is being run during the county-mandated Quiet Time on Sunday morning, adequate mufflers are required on all vehicles.
- Passing for each group is as follows:
  - GREEN - Front Straight and Back Straight ONLY. Point-By required.
  - BLUE - Anywhere on track. Point-By required.
- Any 4 tires off-track or spins (greater than 90 degrees from track direction) will require you to come into the pits and speak with a driving coach. If you do not self-report, we'll black flag you and the discussion will be longer than if you self-report.
- Unless your car is on fire, **UNDER NO CIRCUMSTANCES SHOULD YOU EXIT YOUR CAR.** Even if you're stalled or spun on-track, **STAY IN YOUR CAR.**
- When coming into the pits, use your left hand outside the driver's window to signal. If you cannot do so, use your turn signals to indicate your intention to come into the pits as you come out of Turns 10A/B.

## Flags and Their Meanings

- Blue - Our MOST IMPORTANT flag during a Track Event. You are currently impeding someone else's on-track fun. If you don't want someone to do the same to you, check your mirrors and safely point the car behind you by. If you ignore the blue flag for too long, you will receive a Black Flag.

- Black - Immediately come into the pits this lap. Either there's something wrong with your car or we need to talk with you about an issue on track. The longer you stay out, the more likely it is you will not get back on track.
- Checkered - The session is over. Proceed on a cool-down lap. Continue at 5/10ths - 6/10ths speed and wave to the corner workers to thank them for their help! This is a time to get your car cooler and for you to both relax a little and reflect on how awesome what you just did was!
- Yellow - There is something coming up ahead that needs your attention. Do not attempt to pass anyone and be aware that a car or debris may be on the track. The more vigorous the movement of the flag, the larger the potential issue.
- Red - Come to a complete stop on the side of the track as soon as you can safely do so. Do NOT slam on your brakes.
