

Racing For Heroes' Enduro Rules - 2024

1. No race cars are allowed. If car has or can compete in a racing division at any track, it's not allowed. No race parts allowed! Only Safety Gear!
2. Race is for stock type cars. If car does not come with it, you can't run it. Don't ask.
3. Any 4, 6 or 8 cylinder car legal. Mini Vans legal. No trucks, full-size vans or SUVs. No turbos, superchargers or nitrous systems..
4. No Cutting, chopping, channeling, or shortening.
5. Stock type bumper. No extra bracing.
6. Suspension must be stock for make and model.
7. Engine must be stock for make and model. Aluminum radiator OK.
8. Exhaust must be stock. Straight pipe OK. Converters removed OK. Exhaust must exit out from under car behind the driver's compartment.
9. Factory steering column only, quick disconnect steering wheels OK.
10. Transmission must be stock for make and model. Coolers OK.
11. Any series street legal DOT tires OK (minimum treadwear 200). No mud grips or mud terrain tires. Inner tubes OK.
12. Wheels must be stock, aluminum or may run aftermarket. No aggressive spoke wheels.
13. Battery may be moved to back of car if securely mounted.
14. Fuel cell recommended, but not required. 22 gallon maximum or factory original.

15. All glass including side mirrors, headlights and taillights must be removed. Please remove before coming to track.
16. Doors must be welded or chained closed.
17. Roll cage recommended, but not required. Any added safety features inside of car OK. No extra bracing allowed anywhere except inside of cockpit. No bars may pass through front or rear firewall.
18. Raceceivers will not be needed.
19. Transponders can be used, however, each car entered will be required to provide a scorer for their car. Scorer will score in stands. Instructions and supplies will be given out before the race.
20. All cars will go through tech before race for safety checks. Top 5 cars will go through tech after the race.
21. Intentional rough driving will be addressed if needed.
22. Pit stops are allowed.
23. Any car that has a flat tire, it will be black-flagged. If, after 5 laps (2 laps on road courses) the car has not pitted, car will be disqualified.
24. 18" tall numbers must be legible and on both sides of car. Number plate on roof is allowed (24"x24" maximum for number plate).
25. Numbers must be provided at time of registration. No duplicate numbers. Priority goes to whoever registers earliest.
26. Starting order determined by pill draw.

27. There will no cautions. If a situation occurs on track, a red flag will be displayed. Assume any lights on other than green means a red flag. Driver has to stop immediately once red flag is displayed. If driver does not stop in a reasonable amount of time, the driver will be penalized 1 lap.
28. Pits are open during red flags. Drivers entering back into race after pitting during red flag will be held in pits 30 seconds after green is displayed to keep from giving that driver an advantage.
29. ALL vehicles must have a fully charged fire extinguisher securely mounted inside, within reach of the driver. Compact models OK.
30. SFI or FIA rated fire suit, gloves and shoes are required. You can purchase a race suit combo at many retailers for as little as \$270. <https://www.speedwaymotors.com> Search: racing suit combos
31. Full face DOT approved helmet required.
32. All airbags must be removed.
33. No consuming alcohol or use of recreational drugs in pits!!
34. Safety and tech officials have the authority to disqualify and/or remove any racer or crew member for any reason. The purpose of these races are to get out and have affordable, fun racing.
