

## **DRIVER'S REPUBLIC**

Thank you for registering for Driver's Republic. This is not a race but an open track event. There are no timed laps or trophies. We simply have a focus on safety and fun in a legal road course. For this reason, all vehicles must be maintained and meet the following guidelines. Making sure your car is track ready is your responsibility. Seek assistance if necessary.

**Please fill this form and place under the wiper when ready to be inspected at the event.**

I, (Please Print Clearly) \_\_\_\_\_, agree that my car is in good mechanical condition and take full responsibility for the vehicle being driven on a closed road course. I understand this checklist is simply a list of minimum safety standards for driving on a track and that additional insurance can be purchased through motorsport providers such as Hagerty.

Driver's Republic does not accept any liability for the results of misconduct – everyone is personally responsible for their own judgment and waives all rights to lay claim resulting from any cause whatsoever either before, during or after this event.
